All data is publicly available. Data is shown by specimen date - reporting delays mean data can be incomplete for the most recent days. For this reason the data shown is for the seven-day period ending four days prior to the publication date.

The rate is calculated daily by Surrey County Council Public Health data intelligence team using the ONS 2019 mid-year population estimates.

The 7-day average line on the chart is calculated using the average of cases for three days before, the date itself and the three days after any specific date. The average is not calculated for the most recent three dates as there is not enough data.

For more detail please refer to the Surrey COVID Intelligence Summary at www.surreycc.gov.uk/covidcases and coronavirus.data.gov.uk

Hospital Admissions

There were **556** people admitted to hospital with COVID-19 in the last 7 days (22nd July to 28th July) in the South East.
This is **78** more admissions than the previous week (15th July to 21st July).

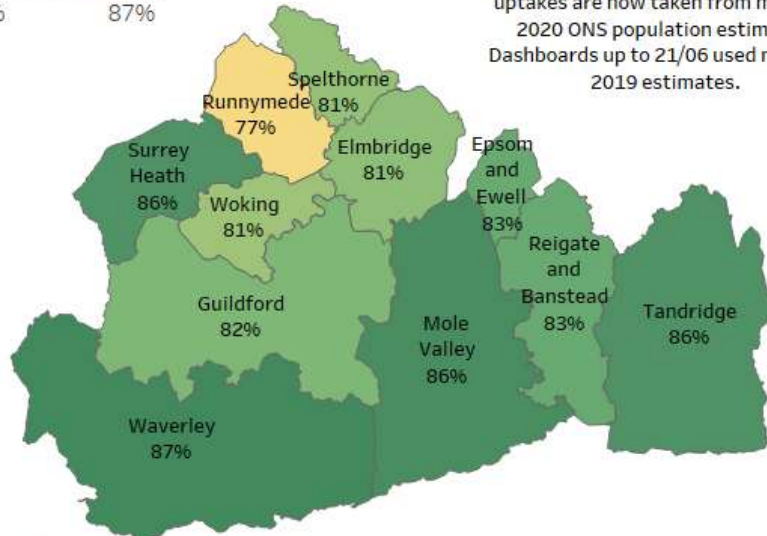

For a breakdown of hospital admissions by NHS Trust please see full report at www.surreycc.gov.uk/covidcases

For a breakdown of vaccinations by cohort, please see full report at www.surreycc.gov.uk/covidcases

Vaccinations

Data up to 31 July 2021

Percentage of 18+ population who have had at least 1 dose of a vaccine

Note: The populations used to calculate uptakes are now taken from mid-year 2020 ONS population estimates. Dashboards up to 21/06 used mid-year 2019 estimates.

Elmbridge	81%
Epsom and Ewell	83%
Guildford	82%
Mole Valley	86%
Reigate and Banstead	83%
Runnymede	77%
Spelthorne	81%
Surrey Heath	86%
Tandridge	86%
Waverley	87%
Woking	81%

2,904 people in Surrey have received their first dose, and **20,879** have received their second dose of a COVID-19 vaccination this week (25th July to 31st July).

In total **859,327** people (**83%** of the adult population) have received at least one dose of a vaccine, and **717,261** people (**69%** of the population) have received two doses of a vaccine (up to 31st July).

82% of all people in the South East have had at least 1 dose of a vaccine, and **68%** have had a second dose, compared to **78%** and **64%** of people in England.

Groups currently eligible for a vaccine

- People aged 18 and over
- People who are clinically vulnerable and clinically extremely vulnerable
- People who live or work in care homes
- Health and social care workers
- People with a learning disability
- People who are a main carer for someone at high risk (clinically extremely vulnerable)

All data is publicly available at www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations.

Vaccination figures are presented by date of vaccination as recorded on the National Immunisation Management Service (NIMS) database. Vaccination counts and populations by Lower Tier Local Authority (LTLA) are provided by Public Health England (PHE).

Surrey COVID-19 Summary Cases and Rates

Publication Date: Monday
02 August 2021

All data is publicly available. Data is shown by Specimen Date and since these are incomplete for the most recent days, the period shown is for the seven day period ending five days prior to the publication date.

The rate is calculated daily by Surrey County Council Public Health Data Intelligence team using the ONS 2019 mid-year population estimates.

For more detail please refer to the [Surrey COVID Intelligence Summary](#) or the [Government Coronavirus Dashboard](#)
