5. Explaining the matter being assessed

<p>What policy, function or service is being introduced or reviewed?</p>	<p>Surrey Libraries as part of budget setting for the financial year 2017-18 is considering a change to its service through the reduction of two frontline offers and small changes to staffing levels.</p> <p>1) The Library Service currently offers evening opening hours at 28 of the Category A and B Libraries. An analysis of visitor data indicates that evening opening hours have levels of use significantly lower than other opening periods.</p> <p>The introduction of revised evening opening hours across this network would create a new timetable for physical access to the branches.</p> <p>2) The Book fund currently is £1.594 million and is the amount available to the service annually to enable the purchase of new resources (books and online) available to the public across the 53 library network and online.</p> <p>The introduction of a reduced book fund will result in a more limited stock offer, with a decrease in range of titles and number of volumes, lowered ability to replace old and worn out stock and a downsizing of other available material resources.</p> <p>3) The Service Development Team is currently structured into five teams within the service. The reduction in staffing levels in the financial year 2017/18 is expected to be minimal.</p>
<p>What proposals are you assessing?</p>	<p>The proposals being assessed are part of the Budget Planning for 2017/18 and would be implemented in the same financial year. They are threefold:</p> <p>Proposal 1</p> <ul style="list-style-type: none"> • The revision and reduction of evening opening hours across the branch network at Category A and B libraries. Group A libraries are main town libraries and B libraries are in smaller towns. <p>Proposal 2</p> <ul style="list-style-type: none"> • A reduction in the book fund of £246,000 <p>Proposal 3</p> <ul style="list-style-type: none"> • A reduced staffing budget for the service development team of £30,000

Who is affected by the proposals outlined above?	<p>Those that would be affected by the proposed changes include:</p> <p>Proposal 1</p> <ul style="list-style-type: none">• Service Users of Group A, B and C Libraries, in particular those that access the Group A and B libraries during the evening. <p>Proposal 2</p> <ul style="list-style-type: none">• All Library Users <p>Proposal 3</p> <ul style="list-style-type: none">• The Service Development Team and public who use services provided by this team, e.g. some aspects of services to children, older people and those with special needs

Engagement carried out
<ul style="list-style-type: none"> • There has not been any specific public consultation or engagement carried out yet as part of the development of the proposals or EIA. • The proposals have been developed with the engagement of the Senior Library Management Team and the Resident Experience Board Task & Finish Group, The service provides opportunities for and receives regular customer feedback on all areas of library service delivery, although these specific proposals and the EIA have not been consulted upon yet with service users. • Engagement has been carried out with Head of Surrey Libraries and Head of Cultural Services for the EIA.

7. Impact of the new/amended policy, service or function

The following libraries have evening opening hours and therefore the users and staff of these libraries could be affected by the proposals.

Category A	Category B	
Camberley	Addlestone	Haslemere
Dorking	Ashford	Horley
Epsom	Banstead	Leatherhead
Farnham	Caterham Valley	Molesey
Godalming	Cobham	Oxted
Guildford	Cranleigh	Reigate
Redhill	Dittons	Sunbury
Staines	Egham	Weybridge
Walton	Esher	
Woking	Ewell	

There are no Category C libraries currently with evening opening hours. The Community Partnered Libraries would not be affected by the proposed reduction in evening opening hours as they set their own hours subject to approval by the relevant Local Committee.

Overall satisfaction for libraries in customer user surveys is 97%.

There are 18 Lower Super Output Areas in Surrey that are in the top third most deprived LSOAs in England. The population of these LSOAs represents 2.4 % of the Surrey population. All of these LSOAs have an A or B Category library either in the county ward or in a neighbouring county ward.

7a. Impact of the proposals on residents and service users with protected characteristics

Protected characteristic	Potential positive impacts	Potential negative impacts	Evidence																
<p>Age</p>	<p>There are no positive impacts identified.</p>	<p>Reduced Opening The reduction in evening opening hours at the Category A and B Libraries may impact predominantly on those of working age in the towns where this change in service offer is to be made. It could therefore be inferred that children predominantly use the Libraries that would be unaffected by a reduction in the evening opening hours. There is significant use by children of rhyme times and other events and book stock at Category A and B libraries during daylight hours.</p> <p>The age group that has the highest rate of registration at Category A Libraries is 16-64. <p>Sex</p>	<p>There are no positive impacts identified.</p>	<p>Reduced Opening The reduction in evening opening hours at the Category A and B Libraries is likely to impact more greatly on females in the towns where this change in service offer is to be made. Residents will no longer be able to access the libraries in the evening.</p> <p>Book Fund It is likely that a greater proportion of females will be affected by a reduction in the book fund with a reduction in the range and availability of titles.</p>	<p>The gender breakdown for current borrowers is 61% female and 38% male. Female borrowers are therefore over-represented as a proportion of the population by 10% and male borrowers underrepresented by a similar amount.</p>

<p>Carers (protected by association)</p>	<p>There are no positive impacts identified.</p>	<p>Reduced Opening The reduction in evening opening hours at the Category A and B Libraries may impact a Carer's ability to access a library due to the time</p>	<p>There are over 100 Reminiscence Professionals, (those engaging with Alzheimer sufferers usually in residential homes), and a number of Care Homes are also using Surrey Libraries regularly. The figure is similar across all the Districts & Boroughs, and slightly below the national average.</p> <p>Older people are more likely to be providing unpaid care than younger people, and providing more hours of care. Nearly 14% of people aged 65 or over provide care with more than quarter of these providing 50 hours or more. Among young people under 25, less than 2% provide care, around one in 13 of these providing 50 hours or more.</p> <p>Young adult carers can face barriers to education and employment which may be due to young people becoming more heavily involved in caring as they get older. Having a caring a role when aged 16 – 24 years old can affect future life opportunities.</p> <p>As the general population ages, the number of older people providing unpaid care is also expected to increase. Estimates have been produced of the number of older carers in Surrey to increase by 11% in Surrey. The largest increases are expected in Tandridge, Reigate & Banstead, Woking and Epsom & Ewell.</p> <p>(Source: JSNA 2013)</p>

<p>Key impacts (positive and/or negative) on people with protected characteristics</p>	<p>Negative Impact on Public The reduction in evening opening hours may impact predominantly on those with limited availability to access the library at alternative hours of the day. This is most likely to negatively impact those of working age in full time employment and Carers in the towns where this change in service offer is to be made. Residents will no longer be able to access the libraries in the evening.</p> <p>Negative Impact on Staff The reduction in evening opening will impact on staff at those libraries where this change in service offer is to be made. Staff will be employed for fewer hours and no longer have the opportunity to work evenings.</p> <p>Staff may find they need to retrain and/or have to travel further to find employment or retain alternative evening employment incurring greater expense of time and money.
