

Community Recycling Centre (CRC) charging waste scheme

Surrey County Council (SCC) charges for the disposal of some non-household waste materials at its CRCs. The charges are for:

- Waste from the construction, alteration or repair of homes and gardens (including plasterboard).
- Tyres from cars, motorcycles and all other motorised vehicles (including non-motorised vehicles and trailers pulled by a motorised vehicle).

The table below is a list of waste materials with guidance on how to dispose of them.

Key:	Accepted at chargeable CRCs?
✓	Accepted free of charge
N	<i>Non-chargeable waste arising from the construction, alteration or repair of your home and garden brought in a car</i>
©	<i>Accepted for a charge Chargeable waste arising from the construction, alteration or repair of your home and garden</i>
✘	Not accepted

For large home renovation projects please factor in the cost of hiring a skip to dispose of your waste. Our sites are not designed to accept large quantities of this type of waste.

Similarly if type of waste arising from the construction, alteration or repair of your home and garden construction waste to one of our Community Recycling Centres which is NOT on the above list, **or is deemed a commercial quantity**, you will be redirected to a [waste transfer station](#) where your waste will be weighed and commercial charges made.

CATEGORY	TYPE	PRICE	ADDITIONAL INFORMATION
Tyres	Car	£5.00	Not commercial vehicle tyres
	Motorcycle	£5.00	
	Other	£5.00	
Gypsum	Plasterboard	£12.00	Per sheet; 1200 x 2400 max size
Inerts	Item	£4.00	Per bag charge/No maximum
	Bagged	£4.00	
	Loose car load	£50.00	

Note there is NO maximum quantity charge for bagged materials

Tyres

- A part tyre will be charged as one tyre
- The same charge per tyre applies to rimmed and non-rimmed tyres
- No limit on the number of tyres to be charged for
- No commercial or agricultural tyres accepted

Gypsum

- must have tiles, foam or other material removed

Items and bags

- Charge of **£4** per bag **OR** per item
- See Table 2 for details of waste material types that carry a charge
 - Bag = no bigger than 50cm x 77cm
 - Item = see list of items on Table 2
 - No part bag charges – a part bag will be charged as one bag

Loose loads

- Unbagged waste that is all inerts

Where charges are applicable, payment must be made to a Charging Scheme Officer at the entrance prior to the customer being granted access to the chargeable containers to tip their waste. Charges are non-negotiable and the decision of the site staff is final.
