All data is publicly available. Data is shown by specimen date - reporting delays mean data can be incomplete for the most recent days. For this reason the data shown is for the seven-day period ending four days prior to the publication date. The rate is calculated daily by Surrey County Council Public Health data intelligence team using the ONS 2019 mid-year population estimates. The 7-day average line on the chart is calculated using the average of cases for three days before, the date itself and the three days after any specific date. The average is not calculated for the most recent three dates as there is not enough data. For more detail please refer to the Surrey COVID Intelligence Summary at [www.surreycc.gov.uk/covidcases](http://www.surreycc.gov.uk/covidcases) and [coronavirus.data.gov.uk](http://coronavirus.data.gov.uk)

# Hospital Admissions

There were 65 people admitted to hospital with COVID-19 in the last 7 days (9th June to 15th June) in the South East. This is 16 more admissions than the previous week (2nd to 8th June).

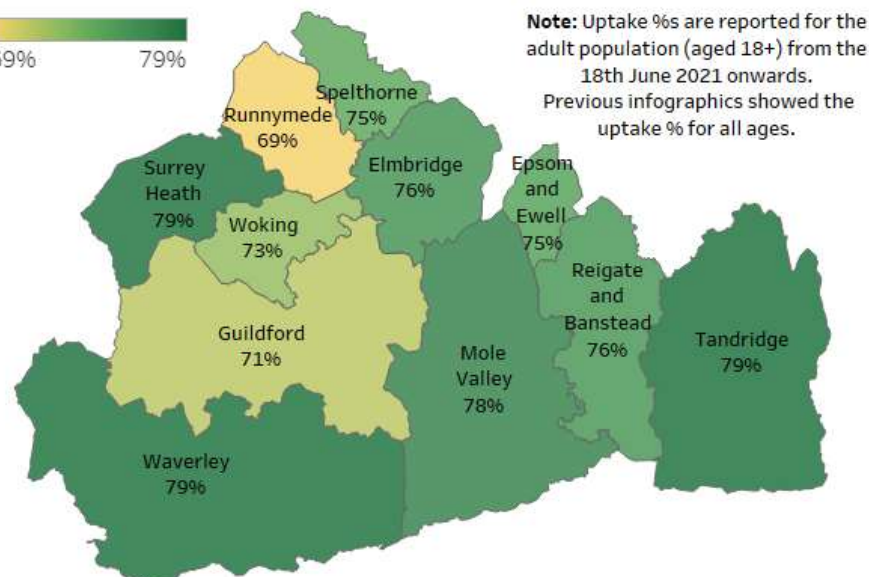

For a breakdown of hospital admissions by NHS Trust please see full report at [www.surreycc.gov.uk/covidcases](http://www.surreycc.gov.uk/covidcases)

For a breakdown of vaccinations by cohort, please see full report at [www.surreycc.gov.uk/covidcases](http://www.surreycc.gov.uk/covidcases)

## Vaccinations

Data up to 16th June

### Percentage of population who have had at least 1 dose of a vaccine

**Note:** Uptake %s are reported for the adult population (aged 18+) from the 18th June 2021 onwards. Previous infographics showed the uptake % for all ages.

Elmbridge	77%
Epsom and Ewell	76%
Guildford	72%
Mole Valley	78%
Reigate and Banstead	77%
Runnymede	70%
Spelthorne	76%
Surrey Heath	79%
Tandridge	80%
Waverley	80%
Woking	74%

**25,334** people in Surrey have received their first dose, and **28,759** have received their second dose of a COVID-19 vaccination this week (10th June to 16th June).

In total **786,594** people (**76%** of the adult population) have received at least one dose of a vaccine, and **556,656** people (**54%** of the population) have received two doses of a vaccine (up to 16th June).

**74%** of all people in the South East have had at least 1 dose of a vaccine, and **55%** have had a second dose, compared to **71%** and **52%** of people in England.

### Groups currently eligible for a vaccine

- People aged 18 and over
- People who are clinically vulnerable and clinically extremely vulnerable
- People who live or work in care homes
- Health and social care workers
- People with a learning disability
- People who are a main carer for someone at high risk (clinically extremely vulnerable)

All data is publicly available at [www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations](http://www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations).

Vaccination figures are presented by date of vaccination as recorded on the National Immunisation Management Service (NIMS) database.

Vaccination counts and populations by Lower Tier Local Authority (LTLA) are provided by Public Health England (PHE).

## Surrey COVID-19 Summary Cases and Rates

Publication Date: Friday 18  
June 2021

All data is publicly available. Data is shown by Specimen Date and since these are incomplete for the most recent days, the period shown is for the seven day period ending five days prior to the publication date.

The rate is calculated daily by Surrey County Council Public Health Data Intelligence team using the ONS 2019 mid-year population estimates.

For more detail please refer to the [Surrey COVID Intelligence Summary](#) or the [Government Coronavirus Dashboard](#)
