Due to the holiday period the amount of data being updated at coronavirus.data.gov.uk varies and additional reporting delays may have an impact on figures shown for the most recent days.

All data is publicly available. Data is shown by specimen date - reporting delays mean data can be incomplete for the most recent days.

For this reason the data shown is for the seven-day period ending five days prior to the publication date.

The rate is calculated daily by Surrey County Council Public Health data intelligence team using the ONS 2019 mid-year population estimates.
