Surrey COVID-19 Summary

Cases and Rates

For more detail please see full report at www.surreycc.gov.uk/covidcases

Daily Cases

Change**

New cases in last 7 days

3,706

Rate for the last 7 days*

308.9

Data shown for time period Wednesday 22 September 2021 to Tuesday 28 September 2021

*Rate represents number of cases per 100,000 population for the last 7 days

**Changes are relative to the previous 7 days (15 September - 21 September). If there is an increase of less than 10%, a grey arrow will indicate that the rate may have plateaued, but is not showing a significant rise or drop

Change**

Change**		Cases (7 days)	Rate (7 days)	% Change**
↑	Elmbridge	580	422.7	12%
→	Epsom and Ewell	305	376.5	2%
→	Reigate and Banstead	538	360.5	-5%

↑	South East	27,089	293.9	12%
→	England	183,841	325.1	7%

All data is publicly available. Data is shown by specimen date - reporting delays mean data can be incomplete for the most recent days. For this reason the data shown is for the seven-day period ending four days prior to the publication date. The rate is calculated daily by Surrey County Council Public Health data intelligence team using the ONS 2019 mid-year population estimates. The 7-day average line on the chart is calculated using the average of cases for three days before, the date itself and the three days after any specific date. The average is not calculated for the most recent three dates as there is not enough data. For more detail please refer to the Surrey COVID Intelligence Summary at www.surreycc.gov.uk/covidcases and coronavirus.data.gov.uk

Hospital Admissions

There were **377** people admitted to hospital with COVID-19 in the last 7 days (22 September 2021 to 28 September 2021) in the South East.
This is **14** fewer admissions than the previous week (15 September 2021 to 21 September 2021).

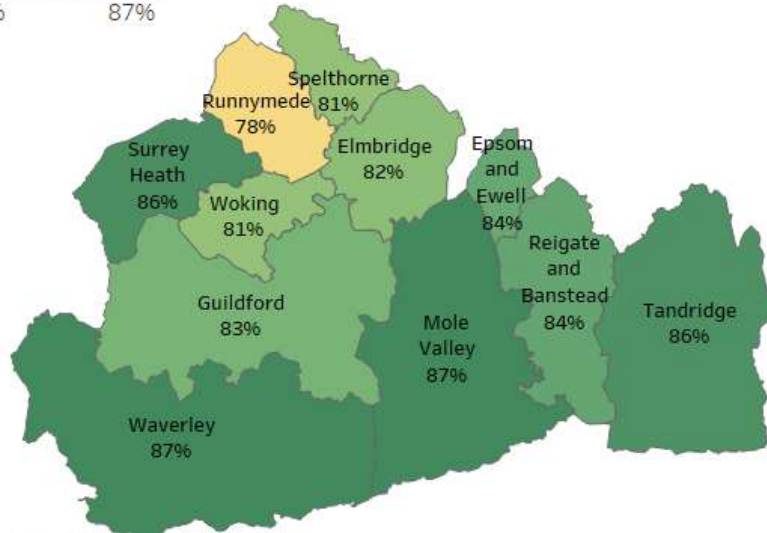

For a breakdown of hospital admissions by NHS Trust please see full report at www.surreycc.gov.uk/covidcases

For a breakdown of vaccinations by cohort, please see full report at www.surreycc.gov.uk/covidcases

Vaccinations

Data up to 29 September 2021

Percentage of 16+ population who have had at least 1 dose of a vaccine
