All data is publicly available. Data is shown by specimen date - reporting delays mean data can be incomplete for the most recent days. For this reason the data shown is for the seven-day period ending four days prior to the publication date. The rate is calculated daily by Surrey County Council Public Health data intelligence team using the ONS 2019 mid-year population estimates. The 7-day average line on the chart is calculated using the average of cases for three days before, the date itself and the three days after any specific date. The average is not calculated for the most recent three dates as there is not enough data. For more detail please refer to the Surrey COVID Intelligence Summary at www.surreycc.gov.uk/covidcases and coronavirus.data.gov.uk

Hospital Admissions

There were **383** people admitted to hospital with COVID-19 in the last 7 days (30 September 2021 to 6 October 2021) in the South East.
This is **16** more admissions than the previous week (23 September 2021 to 29 September 2021).

For a breakdown of hospital admissions by NHS Trust please see full report at www.surreycc.gov.uk/covidcases

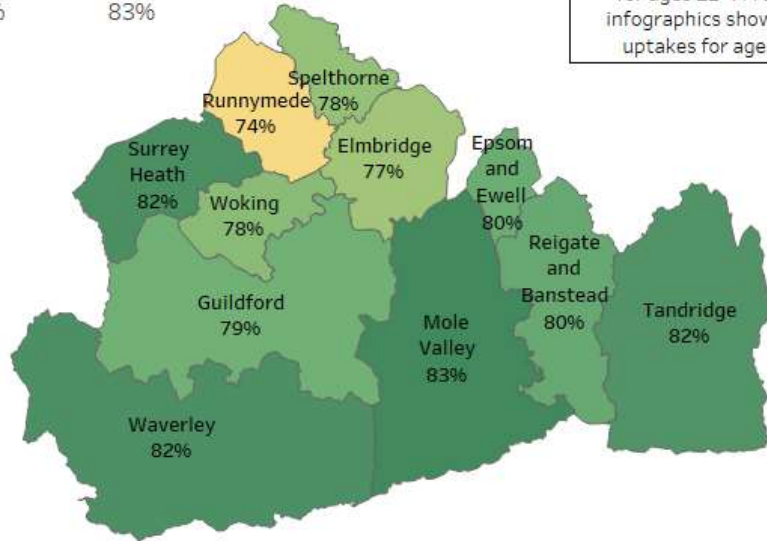

For a breakdown of vaccinations by cohort, please see full report at www.surreycc.gov.uk/covidcases

Vaccinations

Data up to 9 October 2021

Percentage of 12+ population who have had at least 1 dose of a vaccine

74% 83%

Note: as of 8th October, uptake percentages are shown for ages 12+. Previous infographics showed the uptakes for ages 16+

1st Dose Uptake 2nd Dose Uptake

	1st Dose Uptake	2nd Dose Uptake
Elmbridge	77%	72%
Epsom and Ewell	80%	74%
Guildford	79%	73%
Mole Valley	83%	78%
Reigate and Banstead	80%	75%
Runnymede	74%	69%
Spelthorne	78%	73%
Surrey Heath	82%	77%
Tandridge	82%	77%
Waverley	82%	77%
Woking	78%	72%

3,067 people in Surrey have received their first dose, and **3,284** have received their second dose of a COVID-19 vaccination in this week (3 October 2021 to 9 October 2021).

In total **901,939** people (**80%** of the 12+ population) have received at least one dose of a vaccine, and **841,712** people (**74%** of the 12+ population) have received two doses of a vaccine (up to 9 October 2021).

79% of all people in the South East have had at least 1 dose of a vaccine, and **74%** have had a second dose.

76% of all people in England have had at least 1 dose of a vaccine, and **70%** have had a second dose.

Note: For more information on who is eligible for a vaccine please see www.nhs.uk/conditions/coronavirus-covid-19/coronavirus-vaccination/who-can-get-the-vaccine/

All data is publicly available at www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations.

Vaccination figures are presented by date of vaccination as recorded on the National Immunisation Management Service (NIMS) database. Vaccination counts and populations by Lower Tier Local Authority (LTLA) are provided by Public Health England (PHE).

Surrey COVID-19 Summary Cases and Rates

Publication Date: Monday
11th October 2021

All data is publicly available. Data is shown by Specimen Date and since these are incomplete for the most recent days, the period shown is for the seven day period ending five days prior to the publication date.

The rate is calculated daily by Surrey County Council Public Health Data Intelligence team using the ONS 2019 mid-year population estimates.

For more detail please refer to the [Surrey COVID Intelligence Summary](#) or the [Government Coronavirus Dashboard](#)
