Example

Total number of children with a valid eligibility code	Number of Extended hours estimated for the term for all 3&4 year olds
Example 2 x children eligible for 30 hours funding, claiming 15 hours per week <u>2</u>	Example 2 x 195 (3 & 4 year olds attending 195 hours each) <u>390</u>

In this example the estimate payment will be calculated as follows:

3 & 4 year old estimate payment: 390 hours / 60% x £4.78 = £1,118.52

Your Estimates

To reduce the possibility of being overpaid please base your estimated hours claims for each child on the funded hours you believe they will actually be claiming with you. You cannot claim for more children than those who have a valid eligibility code.

Total number of children claiming with a valid eligibility code	Number of Extended hours estimated for the term for all 3 & 4 year olds

Declaration

I confirm that I am only claiming 30 Hours Funded Childcare for children with a valid eligibility code, and that to the best of my knowledge these children are not claiming more than their maximum hours for funded early education at another setting.
