

TWISTER LGBT GROUP SOUTH EAST - SURREY

Twister is a youth group for young people aged 14-19 (25 if SEND in Surrey) who are Lesbian, Gay, Bisexual, Transgender or are questioning their gender or sexuality in a safe environment . We offer information, advice, and guidance along with activities that range from having discussions about things that are important to them, through to doing such things as arts & crafts and learning new skills.

The purpose of Twister is to give young people the chance to meet other young people who may have had similar experiences to themselves, in a safe environment, where they can talk to supportive adults and build their confidence and at the same time make new friendship groups.

For more information and or to refer a young person, please contact: Darren Smith - Youth & Community Worker
