This annex contains information about topics that are quite often raised by people when making comments in response to parking proposals, but are generally things that are not considered within a parking review, or not possible to consider at that time.

**Speed limits, traffic calming, and speed enforcement**

Speed limits are introduced by the county council provided Surrey Police agree with the limit proposed. Further information about speed limits can be found on our website at:

Speed limits and traffic calming measures are considered by our local area highway team, and you can raise queries regarding these subjects using the contact details below:

The police are the only authority with powers to enforce speed limits.

**Creation of additional parking space on verges or grassed areas**

This is not something that is considered by the parking team or within a parking review. Unfortunately, the council has essentially no funding to carry out this type of work at the current time, but any requests for these types of schemes would need to be considered by the local area highway team, who can be reached via the contact details below:

**Requests for permit parking schemes**

We can consider introducing permit parking schemes under appropriate circumstances. However, such significant changes can’t be considered based on only one or two comments. Anyone wanting to find out more about permit parking should first take a look at our webpage which explains where, why, and how a scheme could be introduced, and how they work, at:

Having read that information, any customers interested in pursuing the idea of permit parking further, should consider raising a parking scheme request form (petition), as explained on our website at:

https://www.surreycc.gov.uk/roads-and-transport/parking/reviews
Requests for additional parking controls

Due to the legal processes involved, we cannot generally consider further parking restrictions over and above those already 'advertised'. The most efficient way to consider any ideas for new parking controls, is to raise them to be considered as part of the next parking review in the area. Informal about parking reviews, including how and why we do them, and to raise any further requests, please visit our website at:
