ON 5 DECEMBER 2018 SURREY COUNTY COUNCIL ("THE COUNCIL") MADE the above mentioned Temporary Order under Section 14(1) of the Road Traffic Regulation Act 1984 ("the Act"), the effect of which will be to temporarily prohibit all traffic (including pedestrians and equestrians) from entering or proceeding in that length of Farncombe Street (D98) Godalming which comprises the level crossing and 10 metres either side. Vehicular traffic will be diverted via Farncombe Street, Summers Road, Bourne Road and Station Road or this route in reverse order.

This Order is required to enable Network Rail to carry out works at the level crossing. These works are anticipated to be completed within four days, during the six month period of operation of this Order which commences on 27 December 2018. The closure is anticipated to be in force 24 hours per day. Advanced warning signs will be displayed and the temporary closure will only operate when the relevant traffic signs are displayed. Access for pedestrians, emergency vehicles, residents, businesses, cyclists and equestrians will be maintained via the signed diversion route. Pedestrian access to premises within the affected length of Farncombe Street will be maintained at all times.

The Council are satisfied that, in accordance with Sections 3(2)(a) and 3(2)(b) of the Act, vehicular access to premises within the affected length of Farncombe Street may be restricted in order to avoid danger to persons or other traffic using the road or for preventing the likelihood of any such danger arising.

DATED 7 December 2018

Authorising Officer: Richard Bolton
Local Highway Services Group Manager
