Surrey COVID-19 Summary

Cases and Rates

For more detail please see full report at www.surreycc.gov.uk/covidcases

Daily Cases

Change**

New cases in last 7 days

155

Rate for the last 7 days*

13.0

Data shown for time period Wednesday 28 April 2021 to Tuesday 4 May 2021

*Rate represents number of cases per 100,000 population for the last 7 days

**If there is an increase or decrease in cases that is less than 10% compared to the previous 7 days (21 April - 27 April) a grey arrow will indicate that the rate may have plateaued, but is not showing a significant rise or drop.

↓	South East	1,294	14.1
↓	England	11,613	20.6

All data is publicly available. Data is shown by specimen date - reporting delays mean data can be incomplete for the most recent days. For this reason the data shown is for the seven-day period ending four days prior to the publication date. The rate is calculated daily by Surrey County Council Public Health data intelligence team using the ONS 2019 mid-year population estimates.

For more detail please refer to the Surrey COVID Intelligence Summary at www.surreycc.gov.uk/covidcases and coronavirus.data.gov.uk

For a breakdown of vaccinations by cohort, please see full report at www.surreycc.gov.uk/covidcases

Vaccinations

Data up to 2nd May

Percentage of population who have had at least 1 dose of a vaccine

© 2021 Mapbox © OpenStreetMap

Elmbridge	46%
Epsom and Ewell	48%
Guildford	47%
Mole Valley	54%
Reigate and Banstead	48%
Runnymede	45%
Spelthorne	47%
Surrey Heath	53%
Tandridge	52%
Waverley	52%
Woking	44%

17,142 people in Surrey have received their first dose, and **41,784** have received their second dose of a COVID-19 vaccination this week (26th April to 2nd May).

In total **632,379** people (**49%** of the population) have received at least one dose of a vaccine, and **283,312** people (**22%** of the population) have received two doses of a vaccine (up to 2nd May). **90%** of all people aged 50 or over in Surrey have received at least one dose of a vaccine.

49% of all people in the South East have had at least 1 dose of a vaccine, and **22%** have had a second dose, compared to **47%** and **21%** of people in England.

Groups currently eligible for a vaccine

- People aged 40 and over
- People who are clinically vulnerable and clinically extremely vulnerable
- People who live or work in care homes
- Health and social care workers
- People with a learning disability
- People who are a main carer for someone at high risk (clinically extremely vulnerable)

All data is publicly available at www.england.nhs.uk/statistics/statistical-work-areas/covid-19-vaccinations.

Vaccination figures are presented by date of vaccination as recorded on the National Immunisation Management Service (NIMS) database. Vaccination counts and populations by Lower Tier Local Authority (LTLA) are provided by Public Health England (PHE).

Surrey COVID-19 Summary Cases and Rates

Publication Date: Friday 7
May 2021

All data is publicly available. Data is shown by Specimen Date and since these are incomplete for the most recent days, the period shown is for the seven day period ending five days prior to the publication date.

The rate is calculated daily by Surrey County Council Public Health Data Intelligence team using the ONS 2019 mid-year population estimates.
