USEFUL CONTACTS

Have you thought about walking to work but aren’t sure about the route or how long it will take? This map will help.

Overleaf, you’ll find a few suggested walking routes with travel times.

The Basingstoke Canal is close by and offers an enjoyable, easy walk straight to the heart of Woking.

Walking is great exercise, it’s free and you don’t need any special equipment to do it.

Inactivity is one of the UK’s biggest killers – in fact it kills more people than smoking, diabetes and obesity combined.

Just 15 minutes walking every day – less than a mile - can make a real difference to your health.

If you aren’t used to walking, why not try the Woking Park Half Mile and see how long it takes. You might be surprised!

Or visit www.walk4life.info and keep a record to see how far you walk in a week or a month.

It’s easy to get started with walking and the more you do the better you’ll feel. Try it today!

WHY NOT WALK?

Why not walk?

Walking can be the quickest and easiest way to get around; in fact it could even be quicker than driving or using public transport. It’s also reliable and predictable – it always takes the same length of time. Best of all, it’s free!

To help you find a suitable route, we’ve highlighted a number of walks on the map overleaf with estimates of how long each will take.

There are lots of great walks in the area, starting with a half-mile in the park to 1.8 miles on the Loop Road Loop.

The Travel SMART journey planner can help you plan trips throughout the county.

The planner provides travel information in real time, which means it will let you know if there are delays on your bus or train route and tell you how long you’ll need to wait for the next service. If there’s heavy traffic on your regular drive home, it will help you make alternative plans.

You might discover that it’s quicker to walk to work, and the journey planner can even calculate how many calories you’ll burn if you do.
