**Example**

<b>Total number of children with a valid eligibility code</b>	<b>Number of extended hours estimated for the term for all 3&amp;4 year olds</b>
<p><b>Example</b> 20 x children eligible for 30 hours funding, claiming 15 hours per week</p> <p style="text-align: center;"><b>20</b></p>	<p><b>Example</b> 20 x 210 (3&amp;4 year olds attending (210 hours each)</p> <p style="text-align: center;"><b>4200</b></p>

In this example the estimate payment will be calculated as follows:  
3&4 year old estimate payment: 4,200 hours x £4.78 – 60% = £12,045.60

**Your Estimates**

To avoid being overpaid, please base this estimate on the amount of funded hours required only for children who have a valid 30 hour eligibility code.

<b>Total number of children claiming with a valid eligibility code</b>	<b>Number of extended hours estimated for the term for all 3&amp;4 year olds</b>

**Declaration**

I confirm that I am only claiming 30 Hours Funded Childcare for children with a valid eligibility code, and that to the best of my knowledge these children are not claiming more than their maximum hours for funded early education at another setting.
