Managing My Money  
21 June 2024

Surrey People Group worked together with the Proactive Community to organise the Managing My Money Event.

The Proactive Community had a grant from Aviva.

There were 80 people at the event from all over Surrey who were supported by several organisations.

# Who came to the event?

At the start of the day, people chose the workshops they wanted to attend. The event was opened by the Mayor of Reigate and Banstead.

# Arrival and Welcome

We had workshop sessions through the day.

- Surrey Outdoor Learning – Numeracy Skills
- Include.org – Mental Capacity
- Citizen's Advice - Budgeting
- Community Money Advice – Managing My Money
- Active Prospects – Advocacy and Money Management

# Workshops

We had breaks between workshops for people to have a look at the stands in the marketplace. All relating to money advice!

Through the day we also had:

- Proactive Community Podcasting Booth
- Active Prospects film about bank cards and how to keep your money safe.
- Project Radio playing music through the day.

# Market Place

# What didn't work so well?

- Some people thought the day was a bit long.

- Maybe have 3 sessions instead of 4.

- Speakers need to stick to time. Some sessions overran into lunchtime which meant there was not much lunch left for some people.

# What went well

- The event was organised well.
- There was a lot of useful information.
- People enjoyed socialising and had fun!
- People want another event like this again in the future.
