About our courses

This book tells you about our courses for adults with learning disabilities and the centres where they are available. Look at this book with someone who knows you well. When you have made your choices, book a meeting with one of the Supported Learning team.

We are proud of our many different courses but if we do not have the right course for you, we will tell you about other organisations’ courses and activities in your area.

It’s all about you

We would usually need you to come and meet us before you join a course so that we can talk about what you would like to learn and the support you may need. This is called an Information, Advice and Guidance meeting. During this meeting we usually support you in your choice and the best course for you, whether you want to:

- achieve a personal target
- develop and maintain skills that will help you in your everyday life
- improve skills that will help you become a volunteer or get a job
- gain a qualification
- We may need to check the support you need during your course.

Information, Advice and Guidance and how to enrol on a course

Information, Advice and Guidance will start on 13th July 2020.

We expect most meetings to have taken place by the end of July, although a meeting can be requested after this date.

To book an appointment contact one of the Supported Learning Team (details on the back page).

Information for carers, support organisations/workers and parents

Our courses are designed to give adults with learning disabilities independent living, personal development and employment skills opportunities.

Our aim is to grow self-esteem and confidence by providing an opportunity to:

- ensure choice
- develop communication
- promote community participation, engagement and social inclusion
- enable independence
- enhance employability skills
- provide opportunities to maintain physical and mental well-being
How to enrol on a course

Before a learner enrolls on a course they and someone who knows them will need to have an Information, Advice and Guidance (IAG) appointment to plan their learning programme.

At this IAG appointment the learner or the person supporting them will need:

1. Information about benefits as some courses may be free depending on the benefits received.
2. Details of previous qualifications achieved.
3. Credit or debit card.
4. The name and email address of the person to contact if Adult Social Care have agreed to pay the learner’s course fees.

During the appointment:
The curriculum team will go through the following with the learner or person supporting at the IAG appointment:

• we will ask for confirmation to check the national learner qualification database if the learner is enrolling on a course that may lead to a qualification; explain how we use the learner’s personal data
  • confirm the cost of the agreed course(s)
  • advise what to do next to enrol and secure the place. Any course fees must be paid when you enrol the learner. If a course is cancelled by us, the learner will receive a full refund.

Supporting the learner:
We need to know how best to support the learner before the start of the course, so we will require:

• An Additional Needs Disclosure form.
• If applicable an Education, Health and Care (EHC) Plan or a one page profile even if it is a little out of date.
• Any relevant risk assessments.
We will discuss this with you during the IAG appointment.

Learning Plan and Progress
You will plan your learning with your tutor. This plan will be written down for you to follow. You will be supported to check your progress while you are on the course. We will let you know how you are getting on and about other learning opportunities.

Achievement and Success
On some courses marked with a you may be able to work towards a nationally recognised qualification.

Safeguarding and Prevent
It is important that you feel safe. No one should hurt you, do bad things to you or make you do something you do not want to do. When someone does something to you that you do not like it is called abuse or harm. There are different ways someone can harm you. Your tutor will talk to you about this at the start of your course and make sure you know who to tell if you are worried about your own safety or any of your friends.
Health and Safety
You must follow health and safety rules that your tutor will explain to you. This means that you must not do anything that is dangerous to you or other people.

British Values and Equality and Diversity
We treat everyone with respect no matter how different they are.
We ensure everyone is treated fairly and given fair chances. You will have the opportunity for your views to be heard for example by giving feedback and contributing to the course ground rules. During your course you will be encouraged to make choices in a safe and supportive environment while any behaviour that is not acceptable will be challenged. All learners are supported to recognise that any unacceptable behaviours will have an effect on them and on others.

Course Fees
If you have not always lived in Europe during the last three years you may have to pay a higher fee. Fees for learners coming to our courses via their school will be different to those in this course guide. Full details are available from our Customer Service Team on request or will be explained to you at your Information, Advice and Guidance appointment.
Fees for courses leading to a qualification will depend on your individual circumstances but will be FREE if you qualify under the Government’s rules. You will need to bring full details of any benefits you receive to your Information, Advice and Guidance appointment so that we can explain this to you.

Check regularly for new courses
New courses are introduced throughout the year and can be tailored to the needs of specific groups of learners. If you are interested in a course that you cannot see in this brochure, please contact the Customer Service Team - details on the back cover.

Partnerships
We are always interested in working in partnership with other organisations either at one of our centres or by delivering a course at your premises. For an initial discussion please contact our Customer Service Team who will be able to direct to you to the right team member.

For more details visit www.surreycc.gov.uk/supportedlearning
Alternatively, call 0300 200 1044 or speak to a member of staff at any of our centres.
The Henrietta Parker Trust (HPT) is a charitable trust that was set up with the aim of supporting Adult Skills Development.

Mrs Henrietta Parker, a local resident of Molesey in Elmbridge, wished to leave a legacy, promising educational opportunities to adults that would help them to prepare for employment.

HTP courses for £10

As part of HPT fund, we are able to offer ten week Cookery and Computing courses for £10 each.

These courses can be arranged at our Molesey, Woking or Camberley centres for learners who have not attended a Cookery or Computing course with us before.

Help with transport costs

We recognise that sometimes it may be difficult to arrange transport to some of our centres. Help may be available towards transport costs for learners on HPT courses.

For more information about the HPT courses or transport support, please let us know at IAG appointment or contact our Customer Service Team (details on the back page).

QRDK1857JA
Start Date
21 September 2020
Monday
1:00pm - 3:00pm
30 sessions
Fees: £249

Important – you will need to bring your own camera

Makaton is the UK’s leading language programme for adults and children with learning or communication difficulties. It is also used by everyone who shares their lives, for example, parents and other family members, friends and carers, and education and health professionals. The programme uses signs and symbols to help people to communicate. It is designed to support language. The signs and symbols are used with speech, in spoken word order.

If you support someone with learning or communication difficulties why not enrol on one of the Makaton Workshops run by a fully qualified Makaton tutor.

To find out more contact our Customer Service Team 0300 200 1044, or look on our website www.surreycc.gov.uk/adultlearning.
1. All courses need a minimum number of learners to enrol for the course to run. For more information on this, the refund of course fees and disclaimers, please see www.surreycc.gov.uk/adultlearning.

2. With the exception of the HPT courses, all our courses in this brochure are funded by the Education and Skills Funding Agency (ESFA). We may need you to provide further information about yourself after your Information, Advice and Guidance meeting if we have to supply it to the ESFA.

3. The person or organisation named as your first emergency contact in your Additional Needs form are responsible for letting us know of any changes to the information in this form during your course.
