

Supported Learning

We aim to provide a positive, enjoyable learning experience for all our learners and to help them obtain the knowledge and skills needed to get the most out of everyday life and progress towards further independence.

Courses in this section are for learners with specific needs and/or disabilities.

New classes are introduced throughout the year and can be tailored to meet the needs of specific groups of learners. If you are interested in a Supported Learning class that you cannot see listed below or in our dedicated 2016/17 Course Directory for adults with learning difficulties and/or disabilities, please contact Lisa Woodward.

Lipreading

Do you need to ask people to repeat what they say, turn up the volume on the TV or radio or find it difficult to follow conversations in a group situation? These courses will give you the tools to develop your lipreading skills and help you find out about equipment that may help you.
