Bedfont Road runs parallel to Southern Perimeter Road linking Stanwell with the Cargo Terminal, Terminal 4 and Hatton Cross tube station.

There are several cargo related businesses along Bedfont Road, meaning that heavy good vehicles (HGVs) use this stretch of road.

This section connects the businesses and residential areas adjoining Bedfont Road to the Town Lane and Oaks Road Link.

**Widening the current pavement to create an off-road shared cycle and pedestrian route. This would take cyclists off the road, away from HGVs and would connect with the London Borough of Hounslow’s shared path.**

**Re-surfacing the existing shared use path up to the borough boundary.**

**Making the two existing pedestrian footbridges on to Southern Perimeter Road cycle-friendly by providing a cycle gutter so that bikes can be wheeled across the bridge.**

**Wider Staines Sustainable Transport Package: Stanwell – North Ashford – Staines**
