The 2014-15 academic year has exciting prospects for Surrey Adult Learning. We have a new craft studio under construction at our Farnham Centre that will enable us to increase the range of courses. The room is a fabulous big space where we will offer sculpture, pottery, mosaics and other 3D crafts. The longer courses in the studio will start from January 2015, however we plan to run a number of short taster courses in November and December 2014 when the studio becomes fully equipped.

Craft and Art remain central to our programme with a wide variety of courses with each of our seven centres having its own specialist offer. Our courses provide opportunities both to develop new creative skills and for more experienced practitioners. The quality of our teaching and the facilities are the envy of neighbouring local authorities. The end of year show in the Harvey Gallery at Guildford Centre is an ideal opportunity to showcase learners’ work which always impresses the visitors.

Art and Craft courses are just part of the extensive programme we offer - if your interest lies in Cookery, Languages, Exercise, Dance or IT please visit www.surreycc.gov.uk/adultlearning to see our full range of courses, including short courses and Saturday workshops. We also offer provision for learners with learning difficulties and disabilities and some qualification courses, building on the success of these in 2013-14.

This year we are having just the one brochure for the three terms. It will lay out our core programme for the academic year. We will also respond to need and new opportunities by updating the programme on our website.

I look forward to seeing you in one of our Centres in the coming months.

Kind regards,

Paul Hoffman

"The experience has been life changing"

Rubina is the Regional Adult Learners Week Award Winner 2014. Rubina shares her experience:

“My son was struggling at school and his teacher thought that we both could benefit from the opportunity of learning together. My first language is Urdu. I was very isolated, so I jumped at the chance to join a Family Learning class held in my child’s school.

I was very keen to attend the course, as I had not had the chance to do any formal learning since I arrived in the U.K. 12 years before. I had been busy raising children and looking after a rather large family where my own needs were not always given priority. I wanted also to help my children develop their skills.

Without the opportunity of attending a Family Learning course, I may have never had the confidence to learn with my child, start volunteering and pursue a career in education. The experience has been life changing."

Family Learning courses aim to help parents/carers understand how English and maths are taught at school and by doing that increase their ability and confidence to support their children and improve their own skills at the same time. The courses offer parents a chance to either gain or work towards qualifications (pre-GCSE) and to receive guidance on how to progress to further learning or employment. Rubina has now gained enough confidence to volunteer at school three days a week, helping children with maths and English, and is hoping to train as a teaching assistant in the future.

Family Learning works with groups of parent/carers and extended family members in schools and children centres across Surrey. If you are a school, children's centre or a community group involved with parents who would like to gain the benefits in the same way Rubina has, then please contact me at: cheryl.brown@surreycc.gov.uk or see the web site www.surreycc.gov.uk/adultlearning/familylearning

The NIACE Family Learning review ‘Family Learning Works’ was published on the 18th October 2013. It makes interesting reading especially as all the aspects of the work we do will be further highlighted to government www.niace.org.uk/current-work/family-learning-enquiry.

Wies and his brother Zen, have lead an HLF project to capture the memories of those who lived at Tweedsmuir Camp. The project DVD and book will be available to purchase at the talk (correct money or cheques only please). Can you DIG IT? Woking Palace Excavation 2014 - BOOKING NOW OPEN!

In September 2014 the Friends of Woking Palace and archaeologists from the Surrey County Archaeological Unit will be returning to Woking Palace for a sixth season of excavations as part of the Woking Palace and its Park Project.

Woking Palace and its Park is a three-year Heritage Lottery Funded community-based project, led by the Friends of Woking Palace, which aims to cast light on the development of Woking Palace and its surrounding 590 acre deer Park, from its earliest days right through to modern times, including its glorious Tudor heyday.

This year’s excavations will run from Wednesday 10 September until Friday 26 September, excluding Mondays and Tuesdays. A special open day will be held on Sunday 28 September from 11am when guided tours of the excavations will run until 4pm.

There are a number of different ways local people can be involved with the dig this year:

**Dig for a Day**

Always wanted to have a go at digging? Love Time Team? Dig for a Day offers those with less than five days excavation experience the chance to take part in an archaeological dig. You will be provided with all the equipment you need and taught the basic skills of excavating.

To permit the widest possible chance for novices to get involved the opportunity to participate is restricted to a single day or two half days in the first instance, and is open to people aged 17 or above. Young people aged 15 to 16 may also take part but must be accompanied on site by a responsible adult.

**Experienced Diggers**

Those with five days or more digging experience are able to apply to be part of the excavation for as long as they want (depending on availability). Applications will be particularly welcomed from those who can dig for several days at a time or each weekend. We are also keen to hear from anyone who can help with the set up (8 and 9 September) and close of site this year (29 to 30 September).

**Basic Skills in Archaeology Course**

This three day course will offer participants the opportunity to learn about a range of archaeological techniques, including levelling,
recording and drawing plans on site. Each participant will receive a certificate detailing the training undertaken. The courses will be available on the following dates, and you must be able to attend all three days: Friday 12 to Sunday 14 September, Wednesday 17 to Friday 19 September and Wednesday 24 to Friday 26 September.

Finds for a day
As in previous excavations at Woking Palace, much of the finds processing will be occurring on site during the dig. If you have less than five days experience and would like to help with finds processing for a day please let us know (availability on request).

Experienced Finds Processing
We are looking for a team of people who would be willing to help out washing and sorting finds on-site. Participants will need to have more than five days experience in order to help out with finds processing for more than one day. Experienced finds processors are able to apply to be part of the excavation for as long as they want (depending on availability).

Basic Skills in Archaeological Finds Processing Course
After the excavation we will be offering short courses in finds processing. Participants will have the opportunity to learn how to wash, process, and pack finds, as well as some basic on-site conservation techniques. The courses will begin in October, based at the Surrey History Centre. Each participant will receive a certificate detailing the training undertaken.

Other on-site opportunities will also be available, including two-hour sessions for schools, family sessions, group sessions, work experience and corporate volunteer workdays.

If you are interested in taking part in any of the above activities, please complete the attached booking form (at the bottom of this web page). For more information or to discuss any of the above opportunities please contact Surrey County Council’s Community Archaeology Team at education.scru@ surreycc.gov.uk or by phone 01483 518737.

There are other exciting year-round activities planned as part of the Heritage Lottery Funded Woking Palace and its Park project, which will run until March 2016. The Friends of Woking Palace are actively looking for new volunteers and participants to be involved. For more information on the project and the Friends of Woking Palace, please see www.woking-palace.org, or contact Jean Follett, Treasurer of the Friends of Woking Palace on email info@woking-palace.org or by phone 01483 768685.

Important Information

Refund of Course Fees
If a learner decides to withdraw from a course before a course begins, the following applies:

- Up to 8 weeks before course starts, full refund.
- 8 weeks to 1 week before the course starts a £10.00 cancellation fee will be charged regardless of course fee.
- No refunds will normally be made if a learner withdraws less than 7 days before the start of the course.
- A substitute learner can usually be enrolled at no additional cost.

Once a course has begun, Centre Coordinators can only consider refund requests in exceptional personal or family circumstances. However, holidays, loss of interest, new time commitments and similar domestic changes do not qualify. A substitute learner cannot take the place of an existing learner once a course has begun.

If a learner fails to attend a course for more than four consecutive sessions, Surrey County Council reserves the right to withdraw the learner and offer the place to someone on the waiting list.

Course Cancellation
The length of the course quoted is based on a minimum number of learners enrolled and financial viability of the course. If this is not achieved it may be necessary to:

a) cancel the course before the first class, and provide learners with a full refund; or
b) meet for the first class when learners will be given the opportunity to decide whether to shorten the course hours for the same fee, transfer to another course or request a refund of fees.

In the event of severe weather, we will provide information on any impact our classes by leaving a message on the Customer Service Team telephones. We will also post notice of any disruptions on our website.

Disclaimers

Physical Activities
All learners attending physical education and associated classes (such as health, fitness and dance) will be required to complete a health questionnaire before the start of a course.

Whilst the information given in this questionnaire may aid the tutor in the preparation and delivery of the courses, neither they nor Surrey County Council or its partner providers undertake to advise on any medical condition, or whether any such condition could be adversely affected as a result of attending a class.

It is for learners to seek their doctor's advice either before or during the course if a medical problem is indicated or if they are new to physical exercise.

Insurance
Surrey County Council and its partner providers cannot accept responsibility for the loss of or damage to learners' property. Learners should ensure that they have adequate "all risks" insurance cover for any article belonging to them that they leave on centre premises and car parks.

Errors
Whilst every effort is made to ensure the accuracy of the information in this directory, neither Surrey County Council nor its partner providers accept liability for clerical and typographical errors.

Surrey County Council and its partner providers reserve the right to make amendments as necessary provided that these do not materially affect the course. If, after application for a course has been accepted, the course is substantially varied from that described in this publication, the learner is entitled to withdraw from the course. In the event of such withdrawal, an appropriate refund of course fees will be made.

Force Majeure
‘Force Majeure’ means war, civil war, armed conflict, terrorist attack, governmental action, fire, flood, severe weather conditions, pandemic or epidemic or any other act or matter which notwithstanding the reasonable diligence and foresight of Surrey County Council and its partner providers, is beyond their reasonable control.

Surrey County Council and its partner providers shall not be liable to the learners enrolled on courses to the extent that it is unable to perform its obligations by reason of Force Majeure, provided that Surrey County Council and its partner providers shall use all reasonable endeavours to minimise the effect of the Force Majeure and to resume performance of its obligations as soon as practicable.

Surrey County Council and its partner providers shall endeavour to provide information for the learners enrolled on courses as soon as reasonably practicable after becoming aware of an event of Force Majeure. The notice shall contain all relevant information relating to the effect of Force Majeure including the nature and effect of the Force Majeure, the actions being taken (or to be taken) to minimise its effect and an estimated duration.

Surrey County Council and its partner providers shall take all steps necessary to minimise the effect of the Force Majeure on the provision of the courses.

Where Force Majeure has a material effect on the provision of courses for longer than four consecutive weeks, Surrey County Council and its partner providers may terminate the course being provided.
