

School Admissions guidance for children with an Education, Health & Care Plan (EHCP)

Guidance for admission in September 2019

Introduction

Dear Parent/Carer,

I know that moving to a new school can be an anxious time for families, so this booklet aims to help guide you through the school admissions process for children and young people with Education, Health and Care Plans (EHCPs).

It provides you with information about how the admissions process for Reception, Junior and Secondary children works in Surrey, including how to express your school preferences, key dates and other important information you need to be aware of.

There are more than 350 mainstream schools and academies in Surrey, all of which are able to meet the needs of the majority of children with SEND. Every state-funded school is allocated financial resources and can access specialist professional advice to support them in meeting the needs of pupils with SEND. Most children with an EHCP can be supported and have their needs met in a mainstream school, however we recognise that some children require more support in a specialist education setting.

When your child had their Annual Review meeting you may have been advised on what type of school provision would best suit their needs. Before you submit your preferences it is important to visit any potential schools and speak to their special needs staff to help you make an informed decision. You can also speak to the Special Educational Needs Co-ordinator (SENCO) from your child's current school who will be able to help you with this.

I hope this booklet provides the guidance you need, however if you require further help or advice please contact your child's caseworker, the Surrey SEND Information and Advice Service (www.sendadvicesurrey.org.uk/) or the Surrey Local Offer (www.surreylocaloffer.org.uk).

I wish your child every success in their education.

Yours sincerely,

Liz Mills

Assistant Director for Schools and Learning

1. Timetable

When?	What happens?
Year -2 / 1 / 5	Annual Review meetings held to discuss suitable type of provision for the next key stage.
By end of Summer term	We recommend that you visit schools you are interested in, with support from current school SENCO or other relevant professionals if necessary.
June 2018	Online preference form opens. You can submit up to three preferred schools for your child. The Local Authority will contact each of your preference schools for a view on whether they can meet your child's needs.
30 th September 2018	Online preference form closes.
November – December 2018	Indicative allocation of school places.
End of Autumn term	Notice of Amendment & draft EHCP will be sent to you, identifying any proposed amendments to and the intended school to be named in Section I of the EHCP. You will have the opportunity to make written representations to the proposals.
January 2019	Formal consultation with schools. We will send your child's draft EHCP to the school they have been indicatively allocated a place at and the school will confirm whether they can meet your child's needs.
By 15 th February 2019	Your child's EHCP is finalised and issued, naming the school placement for the next key stage.

2. Key Points to note:

- At your child's Annual Review, you should discuss the type of provision that will best meet your child's needs for the next key stage. The SENCO at your child's current school/nursery can support you with this.
- You must complete the online application form for children with an EHCP, **even if you wish for your child to remain at their current school**. This form will open in June, and close on 30 September.
- You will be able to submit up to three school preferences which can include independent or non-maintained schools, schools outside of Surrey and Surrey maintained schools and academies (both specialist and mainstream).
- We will contact each of your preferred schools for a view on whether they can meet your child's needs, along with your nearest appropriate school.
- A school place will be allocated to your child in accordance to the SEND Code of Practice (2015):
 - the school is suitable to the child's age, ability, aptitude or SEN
 - the placement would be compatible with the efficient education of the other children with whom your child would be educated, and
 - the placement would be compatible with the efficient use of resources.
- If your child is currently in a mainstream school setting, and you are requesting a special school placement for the next key stage, the Local Authority would need to satisfy itself that this type of provision is appropriate in order to demonstrate that such a placement would be an efficient use of resources.
- You will be given the opportunity to make representations and to discuss any queries you have with your child's caseworker about the school allocated or the content of the EHCP.

3. Who does this process apply to?

This process applies to all children who have an EHCP and are either starting school, or approaching Key Stage Transfer (Year 2 / Year 6).

There will be many children who are starting or changing schools, but do not yet have an EHCP. You should follow this process only if your child currently has an EHCP. If they are undergoing assessment please follow the mainstream admissions process and your child's education setting will be considered when the EHCP is agreed.

Even if your child is at an all through school, it is important that you complete the application form even if you wish for them to remain at their current school for the next key stage. This is so that we can ensure all children remain at a school that can best meet their needs, and that all families have an opportunity to change schools should they wish to do so. If you wish for your child to remain at their current school, please put this as your first preference when you submit the application form. Providing the school continues to be suitable for your child and the placement is in line with the SEND Code of Practice then it is not expected that they will be moved.

Application for Reception year:

Date of birth	Apply	Start school
1 September 2013 - 31 August 2014	1 September 2017 – 15 January 2018	September 2018
1 September 2014 - 31 August 2015	29 June 2018 - 30 September 2018	September 2019

Application for Key Stage Two:

Date of birth	Apply	Start from
1 September 2010 - 31 August 2011	1 September 2017 - 31 October 2017	September 2018
1 September 2011 - 31 August 2012	29 June 2018 - 30 September 2018	September 2019

Application for Key Stage Three:

Date of birth	Apply	Start from
1 September 2006 - 31 August 2007	1 September 2017 - 31 October 2017	September 2018
1 September 2007 - 31 August 2008	29 June 2018 – 30 September 2018	September 2019

4. Choosing a school for your child

When submitting the application form you will be asked to express up to three preference schools for your child, ranked in order of preference. The Local Authority will send paperwork to all the schools you express a preference for asking for a view on whether they could meet your child's needs. We may also approach your child's nearest appropriate school to ask for a view if this is not one of your preferences (see below).

The majority of children's needs can be met within mainstream provision in Surrey, however for some children more specialist provision may be required. This should be discussed at your child's Annual Review, and your child's SENCO will be able to advise on the type of provision that can best meet your child's needs.

When deciding which your preferred schools are, we recommend that you:

- Read the Surrey guides *Finding the right primary school in Surrey* and *Finding the right secondary school in Surrey*. These can be found on Surrey's [SEND admissions page](#).
- Visit any schools that you believe offer the type of provision that will meet your child's special education needs.
- Read school brochures.
- Look at school websites to find out their policies, especially their SEND policy and end of key stage results/achievements.
- Read the latest Ofsted reports at www.ofsted.gov.uk
- Consider how your child would get to and from the school. It is important to note that your child will only be eligible for travel assistance if they are attending the nearest appropriate education provider, unless otherwise agreed and stipulated within the EHCP. There is more information regarding Travel Assistance in this guidance.
- Discuss your preferences with your child's current SENCO or other professionals.

How Surrey determines what your nearest school is:

Every child will have a nearest mainstream school. This is the school which is closest to your home address by straight line distance.

If there is evidence that your child requires the support provided in a special school or specialist provision, then the nearest appropriate specialist provision / school to your child's home address will also be calculated. The word 'appropriate' in this definition refers to the arrangement type of the school or specialist provision, for example

'Communication and Interaction Needs'. For more information about the arrangement types available in Surrey, please see read our "Finding the right school" guides on Surrey's [SEND admissions page](#). Please speak to your child's caseworker if you require further information.

If none of the preferences you submit are for your child's nearest appropriate school, then the Local Authority will also approach the nearest appropriate school asking for a view on whether they can meet your child's needs. This will be used for the purposes of deciding whether your child is eligible for travel assistance and to determine whether placing your child at your preference school reflects efficient use of resources for the Local Authority. Wherever possible you will still be offered your preference school over nearest appropriate, however this may affect your child's eligibility for travel assistance.

Applying to state-funded schools outside Surrey:

You can express a preference for schools outside Surrey that are academies or are maintained by another Local Authority. You should find out as much about the school as you can, in the same way you would for a Surrey school. We would also encourage you to discuss your request with your SEND case worker.

Surrey County Council is not responsible for admissions to schools that are maintained by another Local Authority, however we will make an application to that school on your child's behalf.

Applying to independent schools:

You have the right to express a preference for any independent school which has been approved for this purpose by the Secretary of State. The Government has a published [list of approved independent special schools and colleges](#).

You may also make representation for a place at another independent or non-maintained school that is not on the Secretary of State's list above. We will consider your request and have regard to the general principle that children should be educated in accordance with their parents' wishes, but we are not under the same duty as with schools named in the list cited above.

The Local Authority will consider your preference for an independent or non-maintained school but will also consider maintained schools. In line with the SEND Code of Practice, any decision about whether to place a child at an independent or non-maintained school will be made with consideration of the Local Authority's efficient use of resources.

If you express a preference for an independent or non-maintained school, they may wish to invite your child for a visit or assessment in order to decide whether they would be able to meet your child's needs. Please note that this does not guarantee that your child will be offered a place at the school.

Applying for a school place outside of your child's normal age group:

If you would like your child to be educated outside their normal age group you should discuss this with your child's caseworker in the first instance.

Please also see Surrey's guidance on the education of children out of their chronological year group, which is available on our website at <http://www.surreycc.gov.uk/admissions>.

5. Completing the preference form

- The online application form is available on the Surrey County Council website. If you require a paper copy please speak to your child's caseworker. Please ensure you complete the form for children with an EHCP.
- Please enter your child's details, including the reference number you have been sent. If you do not have this reference number please contact your child's caseworker.
- State the names of the schools you wish to submit a preference for, starting with your most preferred school.
- If your child has a sibling on roll at any of your preferences, and will still be in attendance in September 2019; you need to put the name and date of birth of the sibling in the boxes next to the relevant school name.
- Insert any information you think is relevant to your preference(s), for example if your child is a twin, and you would ideally want them to attend the same school then please provide the details of their twin.
- Complete the parent/carer details in full.

Child's home address:

When you complete the preference form, the address you supply for your child must be their current permanent place of residence, usually the parents' address.

- If the parents do not live together, the address is where the child spends most of their time usually the address of the parent receiving child benefit (where applicable). If there is equal shared custody of the child, it is left to the parents to decide which address to use.
- You should not use a business, relative's or carer/childminder's address.
- We will not accept a temporary address if the main carer of the child still owns or rents a property that has previously been used as a home address, nor if we believe it has been used to obtain a school place when an alternative address is still available to that child.
- An application can only be made from one address, and only one application per child can be made.
- If you move house during the application process please inform your caseworker as soon as possible, with proof of your new address.

If a school is allocated on the basis of an address that is subsequently found to be different from the child's normal permanent home address, then that place may be withdrawn.

Siblings:

Please note on the application form if your child already has a sibling currently attending a school you have expressed as a preference. Providing the school is also suitable for the needs of your child currently applying, this will be taken into account when the Local Authority allocates places.

Siblings are defined as:

- Brother or sister with the same parents whether living at the same address or not.
- Half brother or sister living as part of the same family unit at the same address, Monday to Friday.
- Adopted or fostered brother or sister living as part of the same family unit at the same address, Monday to Friday.
- Step brother or sister living as part of the same family unit at the same address, Monday to Friday.

Looked After & Previously Looked After Children:

Looked after children are those who are registered as being in the care of a local authority or provided with accommodation by a local authority in accordance with section 22 of the Children Act 1989(a) at the time an application for a school is made, for example, children who are fostered or living in a children's home.

Previously looked after children are those who have previously been in the care of a local authority in accordance with Section 22 of the Children Act 1989(a) and who have left that care through adoption, a child arrangement order (in accordance with section 8 of the Children Act 1989 and as amended by the Children and Families Act 2014) or special guardianship order (in accordance with section 14A of the Children Act 1989).

Exceptional Circumstances:

If you wish to apply under a school's exceptional medical or social criteria you must provide relevant information, including medical evidence, to support your case at the time of your application.

The exceptional social or medical circumstances might relate to either the child or the parent/carer. Supporting evidence from a professional is required such as a doctor and/or consultant for medical cases or a social worker, health visitor, housing officer, the police or probation officer for other social circumstances. This evidence must confirm the circumstances of the case and must demonstrate why the child should attend a particular school and why no other school could meet the child's needs. If you are applying for exceptional priority for a school that is not your nearest, you must explain why nearer school cannot meet your child's needs.

Providing evidence does not guarantee that a child will be given priority at a particular school and in each case a decision will be made based on the merits of the case and whether the evidence demonstrates that a placement should be made at one particular school above any other.

In addition, routine child minding arrangements would not normally be considered to be an exceptional social reason for placement at a particular school.

We reserve the right to refer medical evidence to our designated medical officer, where necessary, to assist us in making a decision about medical priority for a school place.

If you do not submit a completed preference form:

It is important that you submit an application form so we know which school(s) you would like the Local Authority to consider for your child. Where no preference has been submitted the Local Authority will consult with your child's nearest appropriate school.

6. How places are allocated

School places are allocated in accordance with the Children and Families Act 2014, which requires the Local Authority to take into account the child's special educational needs, parental preference and the formal view of the schools requested before making a decision.

Places will be allocated based on parents' preference wherever possible, unless:

- the school is unsuitable for the child's age, ability, aptitude or SEN
- the placement would be incompatible with the efficient education of the other children with whom your child would be educated, and
- the placement would be incompatible with the efficient use of resources.

If there are more applications than the setting can accommodate, then places will be allocated on the basis that the setting is suitable to the child's special educational needs, with priority given to:

- a. Looked After and Previously Looked After children
- b. Children currently at the school, where the school continues to be suitable for their SEN
- c. Children for whom this is the only school that can meet their SEN
- d. Exceptional circumstances & siblings (the child has a sibling already at the school, and the school is appropriate provision for both children)
- e. Children for whom this is the only type of provision that can meet their SEN

Any remaining places will be allocated to children whose needs can be appropriately met in this provision, with priority given to those living closest to the school.

7. Notifying you of the school we are proposing to allocate

At the end of the Autumn term we will send you an Amendment Notice, a copy of your child's draft EHCP and a letter stating the school we are proposing to name in your child's plan.

If you wish to discuss the intended school to be allocated to your child, you will have the opportunity to speak to your child's caseworker before the EHCP is finalised.

If you have concerns or questions about the content of your child's EHCP or the school that has been allocated, your child's caseworker can work with you to resolve any issues and identify a best way forward. At this point, you have the right to request that we consult with a particular school, or to request any other amendments to the EHCP.

We will also send your child's draft EHCP to the allocated school. This is the formal consultation where schools are asked to confirm that they can meet your child's needs.

8. Issuing the final EHCP

Your child's final EHCP will be issued by 15th February and will include your child's provision for the next key stage in Section I.

If you disagree with your child's EHCP, you have the right to request independent mediation and subsequently appeal to a SEND tribunal. Details of this process will be provided to you with the final EHCP.

9. Travel Assistance

A large number of Surrey children with an EHCP do not receive, nor require specialised travel assistance from the Local Authority. Wherever possible parents of children with special educational needs should make arrangements for their child to attend school in the same way as parents of children without special educational needs. However, we recognise that some children will require more support and we will ensure that they are assessed on an individual basis and that any decision about travel assistance is based on individual needs.

We have introduced a new Travel Assistance policy in Surrey which you can view [here](#)

If the Local Authority has complied with a parental preference which is not the nearest appropriate school to the home address, then it is the responsibility of the parent/carer to ensure the child gets to school.

For more information on the Travel Assistance policy click [here](#)

If you have any questions or would like further information please contact the SEND Travel Assistance Team:

- Email: sendtravel.assistance@surreycc.gov.uk
- Tel: 0300 200 1004

Children over the age of five with a disability who are living in Surrey may also be eligible for a free bus pass for disabled people. Please see [Eligibility for a free disabled bus pass](#) and for how to apply see [Free bus passes for disabled people](#)

10. Frequently asked questions

If your child has SEN but does not have an EHCP

If your child does not have an EHCP, but does have SEND, then you should apply for a mainstream school place through the Local Authority's Admissions and Transport Team. In line with legislation, mainstream schools are required to make reasonable adaptations to meet your child's SEND and to support them to fulfil their academic and wider potential. Further details of how to apply through the Admissions and Transport team can be found on the [mainstream admissions page](#).

If your child does not currently have an EHCP, but is going through a statutory assessment process, please apply in the way described in the above paragraph, but also speak to your SEND caseworker for advice.

Can I appeal against the decision not to offer the school I requested?

If your child is not given a place at your requested school, you do have a right of appeal to an independent special educational needs and disability (SEND) tribunal after your child's final EHCP has been issued. Further information about this process will be given to you at the time.

Can I move my child to another school other than at the usual age of transfer?

If you are thinking about changing your child's school, you should consider this decision very carefully, bearing in mind that other schools may be full and that the upheaval may be damaging to your child's progress.

You should make sure that you discuss any concerns with your child's current head teacher, class teacher or special educational needs coordinator to try to sort out any issues of concern and to consider a referral to external specialist support services.

We would also encourage you to discuss the situation with your SEND caseworker.

What if I have a complaint about my child's school?

In the event of a complaint it is in the best interests of everyone to deal with it as quickly and effectively as possible. You should approach the head teacher of your child's school in the first instance, but if this does not resolve the issue, you can call us on 03456 009 009 for a copy of our complaints procedure leaflet.

11. Additional help

General information about schools in Surrey is available on the Surrey website:

<https://www.surreycc.gov.uk/schools-and-learning/special-educational-needs-and-disability-send>

Your local authority SEN teams are responsible for the formal statutory assessment process, the issuing of EHCPs and appropriate educational placements. The teams each cover a specific area of Surrey, and look after arrangements for children living in that area. You can contact the relevant team for your child on:

South East team	(Mole Valley, Reigate & Banstead, Tandridge)	01737 737990
South West team	(Guildford, Waverley)	01483 517890
North East team	(Elmbridge, Epsom & Ewell, Spelthorne)	01737 737940
North West team	(Runnymede, Surrey Heath, Woking)	01483 518110

SSIASS provides independent and impartial advice and support to parents/carers of children with special needs on issues concerning parents/centres in their dealings with the authority and with schools.

SSIASS 01737 737300
<http://www.sendadvice.surrey.org.uk/>
