

Planning Group, Environment, Transport and Infrastructure  
 Quadrant Court, 35 Guildford Road, Woking GU22 7QQ

**Application for Planning Permission for Mineral Working  
 and Associated Development**

Town and Country Planning Act 1990 (as amended)

Town and Country Planning (Applications) Regulations 1988

**Before completing this form please read the accompanying guidance notes  
 Before completing this form please check that the form is the latest version available  
 Where possible information provided should be printed and in black ink**

**SECTION 1  
 ALL APPLICANTS MUST COMPLETE SECTION 1**

**1.1 APPLICANT**

Name .....  
 Address .....  
 .....  
 .....  
 .....  
 Post Code .....  
 Tel No: .....  
 Fax No .....  
 E-mail address .....  
 Contact Name .....

**1.2 AGENT (if any)**

Name .....  
 Address .....  
 .....  
 .....  
 .....  
 Post Code .....  
 Tel No: .....  
 Fax No .....  
 E-mail address .....  
 Contact Name .....

**1.3 Application Site**

What is the full address of the site?  
 Address .....  
 .....  
 .....  
 Post Code .....

**1.4 Ordnance Survey Grid Reference**

O.S. Grid reference .....  
 (six figure)

**1.5 Site Area** (site area including the proposed access to the public highway edged **red** on submitted site plan)

Site area/floorspace.....Hectares/Square Metres

**Applicant's interest in the site**

**1.6(a)** What is the applicant's interest in the site (e.g. owner, lessee, prospective purchaser, etc and as outlined in **red** on your site plan)

.....  
 .....  
 .....

**1.6(b)** What is the applicant's interest in the adjoining land (as outlined in **blue** on your application site plan)?

.....  
 .....  
 .....

**1.7(a)** What is the present use of the land/buildings within the site?

.....  
.....

**1.7(b)** If vacant, what was the last previous use (if known)?

.....  
.....

**1.8 Proposed Development**

Please give a brief description of the proposed development. ....

.....  
.....  
.....  
.....

**1.9(a) Type of Application**

Is the application for: (Tick one of **A-G**)

**A** Full, permanent, planning permission

**B** Full, temporary, planning permission   
If you have ticked this box, how long is permission sought for? .....  
years/months, OR until (insert date) .....

**C** Outline planning permission (*for the erection of buildings only*)  
(please read accompanying notes)

If you are applying for outline planning permission please specify if any of the following matters are part of this application.

(a) External Appearance  (b) Siting   
(c) Design  (d) Means of Access   
(e) Landscape

**D** Variation or removal of a planning condition (Section 73 application), including to renew a temporary planning permission (Section 73 or 73(a) application)

**E** Prior approval of development permitted by Schedule 2 Part 19 of the Town and Country Planning (General Permitted Development) Order 1995.

If yes, please specify if the development is within Class B or Class C of Part 19.

**F** Approval of reserved matters following the grant of outline planning permission.

**G** Applications for approval of details pursuant to conditions imposed on a previous permission (Article 21 submissions).

**1.9(b)** If you have ticked D, E, F or G above, please give the following details of the planning permission it relates to:

Reference Number: .....

Date of permission: .....

Condition Number(s): .....

**1.10(a)** Is the application accompanied by an Environmental Statement YES  NO

**1.10(b)** If 'YES' please provide details of cost and where to obtain copies:

Name .....

Address .....

.....

.....

Post Code .....

Tel No: .....

Fax No .....

E-mail address .....

Price £.....

Cheques payable to: .....

**1.11** Please list the plans, drawings, sections and documents which are to form part of this application (including any Supporting Statement and/or Environmental Impact Assessment)

Please indicate the other sections and annexes of the application form completed for this application:

Section 2 YES/NO

Section 3 YES/NO

Section 4 YES/NO

Section 5 YES/NO

Annexe 1 YES/NO

Annexe 2 YES/NO

Drawings/Documents Title, Include Drawing Number and Date:  
(continue on a separate sheet, if necessary)

### **Ownership Certificates**

**1.12** Please indicate the Ownership Certificates that accompany this application (please see accompanying notes):

Certificate A YES/NO

Certificate B YES/NO

Certificate C YES/NO

Certificate D YES/NO

Agricultural Holding Certificate (required for all applications)

### **1.13 Fee**

I/We enclose the application fee (cheque payable to Surrey County Council) of £.....

**1.14 Declaration**

I/We hereby apply for planning permission to carry out the development described in this application, and declare that, to the best of my/our knowledge, the information supplied on this form and in the application is correct.

**Signed** .....

**Name** .....

**On behalf of** .....

(insert applicant's name if signed by an agent)

**Date** .....

**NOTE** This application is for planning permission under the Town and Country Planning Act 1990 (as amended) only. Any permission granted does not convey any consent which might be required under buildings regulations or other legislation, relating to statutory undertakers equipment, rights of way, listed buildings, advertisements, environmental protection and pollution control, mines and quarries safety legislation or any other legislation.

**In addition to completing SECTION 1 of the form ALL applicants will need to complete SECTION 5 of this form.**

**If the proposal involves the extraction of minerals and associated development please complete SECTION 2 of the form.**

**If the proposal involves waste development (including importation of materials, other than soils, to the site for restoration of mineral workings) please complete SECTION 3 of the form.**

**If the application proposes the erection and use of new fixed or mobile plant or buildings, or the continued use of existing fixed or mobile plant or buildings, please complete SECTION 4 of the form.**

**SECTION 2  
MINERAL EXTRACTION AND ASSOCIATED DEVELOPMENT**

**2.1 Type of Development**

Does this application include:

- |   |        |
|---|--------|
| (a) New mineral extraction  | YES/NO |
| (b) An extension to an existing mineral site?                                 | YES/NO |
| (c) The renewal of a previous permission for mineral extraction?              | YES/NO |
| (d) The re-opening of a pit/quarry that has previously been worked?           | YES/NO |
| (e) Mineral processing?   | YES/NO |
| (f) Mineral exploration?  | YES/NO |
| (g) Other buildings, plant or structures associated with minerals development | YES/NO |
| (h) Oil or gas operations?  | YES/NO |

See Guidance Note for Supplementary Information Required for (f) and (h)

**2.2 Please list the type of mineral(s) to be worked and for each type the total amount to be worked.**

Type of Mineral	Total Production in tonnes	Total Production in cubic metres

**2.3 How has this quantity of mineral(s) to be extracted been assessed and calculated? Please give details of geological investigations and evaluations.**

.....  
 .....  
 .....  
 .....

**2.4 End use** (eg construction, industrial processes) and immediate proposed destination of the mineral(s) extracted at the site.

.....

**2.5 Please give the maximum and average annual output of each mineral (in tonnes and cubic metres):**

<b>Mineral Type:</b>		
	<b>Tonnes</b>	<b>Cubic Metres</b>
Maximum annual output		
Average annual output		

<b>Mineral Type:</b>		
	<b>Tonnes</b>	<b>Cubic Metres</b>
Maximum annual output		
Average annual output		

<b>Mineral Type:</b>		
	<b>Tonnes</b>	<b>Cubic Metres</b>
Maximum annual output		
Average annual output		

**2.6 What would be the:**

- (a) maximum depth of excavations ..... (metres AOD)
- (b) average depth of excavations ..... (metres AOD)

**2.7 Duration**

Please give the expected dates of the following:

- (a) Commencement of development works .....
- (b) Commencement of extraction .....
- (c) Completion of extraction .....
- (d) Completion of restoration (not aftercare) .....

**2.8 Soils and Overburden**

Please provide the following information in respect of soils and overburden and grade of any agricultural land within the site:

(a)

	Average Depth	Total Volume (m <sup>3</sup> )
Topsoil existing on site	cm/m*	
Subsoil existing on site	cm/m*	
Overburden existing on site	cm/m*	

\*delete as appropriate

(b) Specify the area of agricultural land and the grades affected by extraction or soil/overburden storage under the Agricultural Land Classification Scheme:

.....  
.....

(c) Measures for stripping and handling

.....  
.....

(d) Details of soils and overburden storage including the location and dimensions of storage mounds, duration and management.

.....  
.....

**2.9** The proposed method of extraction and scheme of working, including direction and duration of phasing (show also in plan form).

.....  
.....

**2.10 Mineral Processing**

(a) Will the extracted mineral/s be:

- (i) Processed on site                      YES/NO
- (ii) Processed off site                      YES/NO
- (iii) Sold as raised                      YES/NO

If you have answered 'YES' to (i) and the processing would involve the erection of plant, buildings or structures you also need to complete **Section 4** of this form.

(b) If you have answered 'YES' to (ii), state the location of the off-site processing plant and how the mineral will be transported there:

.....  
 .....

(c) If a combination of methods is proposed, e.g. some on site processing and some mineral to be sold as raised, please indicate the approximate percentage of each.

	Approximate Percentage
Processed on site	
Processed off site	
Sold as raised	

(d) On site mineral processing

(i) Type and quantity of mineral to be processed on site:

Type	Maximum tonnes per annum

(ii) Mineral products from on site processing:

Type	Estimated annual production in tonnes

(iii) Please give details of stockpiles or storage facilities for processed material including the maximum height as measured from existing ground level.

.....  
 .....

(iv) Are any materials to be imported to the site for processing and/or sale? YES/NO

If 'YES' please state the nature, quantity per annum and the source(s) of the imported materials and the reason for their importation.

.....  
 .....

(v) What is the method for transporting mineral from the extraction area to the processing plant (conveyor, pipeline, internal haul roads, public roads).

.....  
 .....

**2.11** Will any wastes result from the extraction and minerals processing operations YES/NO

If 'YES', please specify types, quantities and measures to contain, store and dispose of such wastes, including silt pond areas.

.....  
 .....

**Afteruse, Restoration and Aftercare**

**2.12 Afteruse**

Summarise the intended afteruse or uses tick as appropriate:

- Agricultural  Total area ..... ha  
 Forestry/Woodland  Total area ..... ha  
 Nature Conservation (specify below)  Total area ..... ha  
 .....  
 Recreation  Total area ..... ha  
 Other (specify below)  Total area ..... ha  
 .....

**2.13 Restoration**

Details of restoration including (where applicable)

- (a) Phasing and timing (show also in plan form).
- (b) Use of quarry waste, including volumes.
- (c) Final levels and contours of the restored area and relationship to surrounding land (show also in plan form and cross sections).
- (d) Drainage of the restored area.
- (e) Landscaping and planting.

.....  
 .....  
 .....  
 .....  
 .....

**2.14** Does the restoration involve the importation of:

- (a) Landfill material YES/NO  
 If 'YES' please complete **SECTION 3 of this form**
- (b) Additional subsoils YES/NO
- (c) Additional topsoils YES/NO

If 'YES' to (b) or (c) please give amount and sources (if known)

Soil	Total amount (m <sup>3</sup> )	Source
Topsoil		
Subsoil		

**2.15** Details of proposed use of soil materials in restoration

	Total amounts (m <sup>3</sup> )	Average depth to be spread (mm)
Topsoil (from site and imported)		
Subsoil (from site and imported)		
Overburden from site		

**2.16 Aftercare**

- (a) If any restoration work is expected to take place within 12 months of the commencement of working, describe the proposed aftercare programme specifying the intended afteruse, a timetable and steps for soil sampling, cultivating, planting, fertilising, watering and drainage, provision for annual aftercare meetings.  
.....  
.....  
.....
- (b) If no restoration work is expected within 12 months of the commencement of working summarise the items proposed for inclusion in an aftercare scheme, to be agreed at later date, including land management during the aftercare period and intended arrangements in the longer term.  
.....  
.....
- (c) Who would carry out the aftercare operations?  
.....  
.....
- (d) Are there any specific proposals or agreements for the management of the land following the completion of aftercare? YES/NO  
  
If YES, please summarise.  
.....  
.....  
.....  
.....

- 2.17** (a) Does the site boundary lie within 1000 metres (1km) of any residential properties/sensitive properties/users or areas? YES/NO  
(If YES please show on the plans)
- (b) Please state the distance between the limit of extraction and the closest residential property/sensitive property/user.

**In addition to completing SECTION 2, ALL applicants will need to complete SECTION 5 of this form.**

**If the proposal involves the importation of materials (other than soils) to the site for restoration purposes, please complete SECTION 3 of this form.**

**If the application proposes the erection and use of new fixed or mobile plant or buildings, or the continued use of existing fixed or mobile plant or buildings, please complete SECTION 4 of this form.**

**SECTION 3**  
**WASTE DISPOSAL/STORAGE/TREATMENT/RECOVERY/TRANSFER AND OTHER RELATED DEVELOPMENT**

**3.1 Nature of operation/development**

Does the application include:

- a) Landfill/landraising site YES/NO
- b) Community Recycling Centre (Civic Amenity Site) YES/NO
- c) Waste Transfer Station/Skip transfer YES/NO
- d) Waste Treatment/Recycling/Processing (including thermal treatment) YES/NO
- e) Sewage Treatment/Waste Water Treatment Works YES/NO
- f) Composting facility YES/NO
- g) Other – please specify .....

**See Guidance Notes for Supplementary Information Required.**

**3.2 (a) Landfill/Landraising Proposals**

If the proposal is for landfilling does it involve:

- (i) creation of the void to be filled YES/NO  
 If YES, please provide details  
 .....

If the proposal involves the extraction of minerals you will need to complete **Section 2** of this form.

- (ii) the filling of a void which already exists YES/NO
- (iii) the filling of a void already permitted (but not yet created) under separate planning permission YES/NO
- (iv) an extension or creation of additional void within an existing site eg surcharging YES/NO

If YES to (ii), (iii) or (iv) please give details of the following details of the planning permission(s):

Reference Number: .....

Date of permission: .....

**3.2 (b) Soils and Overburden**

Please provide the following information in respect of soils and overburden and grade of any agricultural land within the site:

- (i)

	Depth	Volume <sup>3</sup> (m )
Topsoil existing on site	cm/m*	
Subsoil existing on site	cm/m*	
Overburden existing on site	cm/m*	

\*delete as appropriate

- (ii) Specify the area of agricultural land and the grades affected by extraction or soil/overburden storage under the Agricultural Land Classification:  
 .....

- (iii) Measures for stripping and handling of soils and overburden prior to landfilling/landraising.  
 .....

- (iv) Details of soils and overburden storage including the location and dimensions of storage mounds, duration and management.  
 .....

**3.2(c)** Please provide details (expanding in a supporting statement) of the proposed method of filling including direction and duration of phasing and details of finished pre and post settlement contours (show also on plans and cross sections).

.....  
 .....  
 .....

If the proposal includes surcharging please state the amount and how has this been calculated

.....  
 .....

**3.2(d)** (a) What is the estimated capacity of the void to be filled? ..... cubic metres  
 (b) How has this capacity been calculated?

.....  
 .....

**3.2(e)** Type and quantity (in tonnes) and volume (in cubic metres) of waste to be deposited/handled/treated at the site (exclude soil material for use in restoration for landfilling/landraising proposals).

Please specify the following:

Type of waste	Total Volume	Annual Volume	Annual Quantity (tonnes)	Conversion Rate used
Soils				
Naturally occurring excavated materials (other than soils)				
Construction and demolition waste (a) inert materials (b) non-inert materials				
Commercial and Industrial waste				
Household waste				
Other waste please specify below:				

**3.2(f)** For each category of waste identified in 3.2(e) above please specify the source and area to be served by the proposal.

.....  
 .....  
 .....  
 .....  
 .....

**3.2(g)** For landfill/landraise proposals please give the expected dates for the following:

- (i) Commencement of development .....
- (ii) Commencement of landfilling/landraising .....
- (iii) Completion of landfilling/landraising .....
- (iv) Completion of restoration (not aftercare) .....

**3.2(h)** (i) Does the site boundary lie within 1000 metres (1km) of any residential properties/sensitive properties/users or areas? YES/NO (If 'YES' please show on plans)

(ii) Please state the nature of any built development within 250 metres of any part of the site that is to be filled with commercial, industrial or household wastes.

.....

.....

.....

.....

.....

**3.2(i)** Please summarise the proposed measures for monitoring and controlling:

(a) Landfill gas;

.....

.....

(b) Leachate.

.....

.....

**3.2(j)** Please specify the measures for controlling vermin and birds during landfilling/landraising operations:

.....

.....

.....

.....

.....

.....

**Afteruse. Restoration and Aftercare**

**(If your proposal involves the mineral extraction and landfilling is proposed to restore the site you should complete SECTION 2 of the form and there is no need to complete SECTIONS 3.2(k), and 3.2(m) to (o))**

**3.2(k) Afteruse**  
Summarise the intended afteruse or uses (tick as appropriate)

Agriculture	<input type="checkbox"/>	Total area .....ha
Forestry/Woodland	<input type="checkbox"/>	Total area .....ha
Nature Conservation (specify below)	<input type="checkbox"/>	Total area .....ha
.....		
Recreation	<input type="checkbox"/>	Total area .....ha
Other (specify below)	<input type="checkbox"/>	Total area .....ha
.....		

**3.2(l) Restoration**

Details of restoration including (where applicable)

- a) Phasing and timing (show also in plan form).
- b) Pre settlement levels and contours of the restored area and relationship to surrounding land (show also in plan form and cross sections).
- c) Post settlement levels and contours of the restored area and relationship to surrounding land (show also in plan form and cross sections).
- d) Drainage of the restored area.
- e) Landscaping and planting.

.....  
.....  
.....  
.....  
.....  
.....  
.....  
.....

**3.2(m) Does the restoration involve the importation of:**

- a) Additional subsoils YES/NO
- b) Additional topsoils YES/NO

**3.2(n) Details of proposed use of soil materials in restoration:**

	Total amounts (m <sup>3</sup> )	Average depth to be spread (mm)
Topsoil from site		
Subsoil from site		
Overburden from site		
Other soil sources (please state sources if known)		

**3.2(o) Aftercare**

(a) If any restoration work is likely to take place within 12 months of the commencement of infilling, describe the proposed aftercare programme specifying the intended afteruse, a timetable and steps for soil sampling, cultivating, planting, fertilising, watering and drainage, provision for annual aftercare meetings.

.....  
 .....  
 .....  
 .....

(b) If no restoration work is expected within 12 months summarise the items proposed for inclusion in an aftercare scheme, to be agreed at later date, including land management during the aftercare period and intended arrangements in the longer term.

.....  
 .....  
 .....  
 .....

(c) Who would carry out the aftercare operations?

.....

(d) Are there any specific proposals or agreements for the management of the land following the completion of aftercare? YES/NO

If YES, please summarise.

.....  
 .....  
 .....  
 .....

**Waste Transfer Stations/Civic Amenity Sites/Waste Treatment/ Recycling/ Processing/ Sewage Treatment/Waste Water Treatment and Composting Facilities**

**3.3(a)** Please state the estimated quantities and types of waste that are to be brought to the site for treatment, storage, transfer and/or recycling each year:

Waste type	Quantity	cu m	tonnes

**3.3(b)** For each type of waste identified in 3.3(a) above please specify the source

Waste type	Source

**3.3(c)** Are any liquid wastes to be processed? YES/NO

If 'YES' provide details

.....  
.....

**3.3(d)** How will any waste(s) be treated or processed for recycling, and what products will result from this? Please provide details including quantities and their destination.

.....  
.....  
.....  
.....

**3.3(e)** If waste is to be transferred from the site please specify:

(a) how it will be removed and in what quantities

.....  
.....  
.....

(b) its destination

.....

**3.3(f)**

(i) Does the site boundary lies within 1000 metres (1km) of any residential properties/sensitive properties/users or areas? YES/NO (if 'YES' please show on plans)

(ii) For composting operations please state the nature of any properties, users or areas within 250 metres of the facility.

**3.4** Does the proposal involve the erection of new fixed or mobile plant or buildings, or the continued use of existing fixed or mobile plant or buildings? YES/NO

**If YES, please complete Section 4 of this form.**

**In addition to completing SECTION 3 of this form ALL applicants will need to complete SECTION 5 of this form.**

**For combined proposals for mineral extraction and restoration involving landfilling, please complete SECTION 2 of this form.**

**If the application proposes the erection of new fixed or mobile plant or buildings, or the continued use of existing fixed or mobile plant or buildings, please complete SECTION 4 of this form.**

**SECTION 4  
PLANT, BUILDINGS AND OTHER STRUCTURES**

Please give details of all fixed or mobile plant, permanent or temporary structures and buildings to be used or erected on the site under this proposal. These could include weighbridge, workshops, offices, wheel and chassis cleaning facilities, vehicle sheeting bays, amenity and toilet facilities. Dimensions and locations to be shown on drawings.

**4.1 Fixed Plant**

For each piece of plant describe briefly:

(a) Purpose of the Plant

.....  
.....

(b) Size (include maximum height in metres of plant as measured from existing ground level), appearance and colouring of plant.

.....  
.....

(c) Location of plant

.....

(d) Plant Capacity:

	Tonnes per hour	Tonnes per annum
Estimated normal capacity of plant		
Estimated maximum capacity of plant		

**Fixed Plant**

For each piece of plant describe briefly:

(a) Purpose of the Plant

.....  
.....

(b) Size (include maximum height in metres of plant as measured from existing ground level), appearance and colouring of plant.

.....  
.....

(c) Location of plant

.....

(d) Plant Capacity:

	Tonnes per hour	Tonnes per annum
Estimated normal capacity of plant		
Estimated maximum capacity of plant		

**4.2 Mobile Plant**

For each piece of plant describe briefly:

(a) Purpose of the Plant

.....  
.....

(b) Size (include maximum height in metres of plant as measured from existing ground level), appearance and colouring of plant.

.....  
.....

(c) Location of plant

.....

(d) Plant Capacity:

	Tonnes per hour	Tonnes per annum
Estimated normal capacity of plant		

Estimated maximum capacity of plant		
-------------------------------------	--	--

**Mobile Plant**

For each piece of plant describe briefly:

- (a) Purpose of the Plant  
.....
- (b) Size (include maximum height in metres of plant as measured from existing ground level), appearance and colouring of plant.  
.....
- (c) Location of plant  
.....
- (d) Plant Capacity:

	Tonnes per hour	Tonnes per annum
Estimated normal capacity of plant		
Estimated maximum capacity of plant		

**4.3 Buildings**

For each building describe briefly:

- (a) Purpose of the building(s)  
.....
- (b) Size (external dimensions and floor space of each building)  
.....
- (c) Appearance and construction of buildings (external materials and colour to be used for the walls and roof)  
.....
- (d) Maximum height of chimneys  
.....
- (e) Location of buildings  
.....

**Buildings**

For each building describe briefly:

- (a) Purpose of the building(s)  
.....
- (b) Size (external dimensions and floor space of each building)  
.....
- (c) Appearance and construction of buildings (external materials and colour to be used for the walls and roof)  
.....
- (d) Maximum height of chimneys  
.....
- (e) Location of buildings  
.....

**4.4 Other Structures**

For each structure describe briefly:

- (a) Purpose of the Structure(s)  
.....
- (b) Size, appearance and colouring of the structure(s)  
.....

	(c) Location of the structure(s) .....
	<p><b>Other Structures</b>          For each structure describe briefly:</p> <p>(a) Purpose of the Structure(s)          .....</p> <p>(b) Size, appearance and colouring of the structure(s)          .....</p> <p>(c) Location of the structure(s)          .....</p>
<b>4.5</b>	<p><b>Duration</b></p> <p>(a) Will any of the proposed plant, building(s) or structure(s) remain on the site beyond the operational life of mineral extraction or waste disposal? YES/NO.</p> <p>(b) If YES please state which and whether to remain for a temporary period or permanently.          .....</p> <p>(c) For plant to remain for a temporary period please specify the period .....</p>
<b>4.6</b>	<p><b>External lighting system</b></p> <p>.....</p> <p>.....</p>

**SECTION 5  
TRANSPORTATION AND TRAFFIC, ENVIRONMENT AND AMENITY  
TO BE COMPLETED BY ALL APPLICANTS**

**Transportation**

**5.1** Please specify the modes of transport to be used for bringing material to/removing material from the site? (tick as many as apply)

Road  Rail  Water  Other (please specify)

If transportation by means other than road is envisaged for all or some of the transportation of materials, please give brief details below and full details in a Supporting Statement and plans.

.....  
 .....  
 .....

**Access**

**5.2** Does the proposed development involve:

- |    |  |        |
|----|--|--------|
| a) | Use of an existing access, unaltered           | YES/NO |
| b) | Construction of a new access to a highway      | YES/NO |
| c) | Alteration of an existing access to a highway  | YES/NO |
| d) | Alteration to any existing public right of way | YES/NO |

If YES details must be shown on submitted plans

**Traffic**

**5.3** Please give details of the expected average and maximum number of vehicle movements each working day.

	Average Daily Movements	Maximum Daily Movements	Average Capacity of Lorry t/m <sup>3*</sup>	Maximum Capacity of Lorry t/m <sup>3*</sup>
Lorries (If a range of lorry sizes will be used please provide details for each)				
Vans				
Cars			N/A	N/A
Total			N/A	N/A

\* delete as appropriate

How are these movements spread over a typical working day?

.....  
 .....

If there will be any peak periods (eg 0700 to 0900 hours) please specify:

.....

**5.4** Please summarise the routes to be used by lorries on the public highway travelling to and from the site, and the approximate percentage of vehicles using each route.  
 .....  
 .....  
 .....

**5.5** What measures will be taken to ensure that vehicles delivering materials to/removing materials from the site do not emit dust or deposit mud, slurry or other debris on the public highway?  
 .....  
 .....  
 .....

**5.6** What provision has been made for the parking, loading/unloading and turning of vehicles within the site? For Civic Amenity Sites please provide details of arrangements for vehicular access and circulation of householder traffic. (Please show information on plans).  
 .....  
 .....  
 .....

**Environment Considerations/Statutory Designations**

**5.7** Please state whether any of the following would be affected by the proposed development.

a) Archaeological features (including Scheduled Ancient Monuments and Site of County Importance, etc.) YES/NO  
 If YES please specify; indicate on a plan and describe how your proposals will impact, and measures for protecting or mitigating the impact on them:  
 .....  
 .....

b) Ecological Interests including Special Areas for Conservation (SACs), RAMSAR sites, Sites of Special Scientific Interest (SSSI), National Nature Reserve (NNR), Site of Nature Conservation Interest (SNCI), or other areas of nature conservation interest or the habitats of protected species. YES/NO  
 If YES please specify; indicate on a plan and describe how your proposals will impact, and measures for protecting or mitigating the impact on them:  
 .....  
 .....

c) Public Rights of Way within or immediately adjoining the site YES/NO  
 If YES please specify and describe how your proposal will affect them and specify for protection/mitigation measures. Proposed diversions and/or closures must be indicated on a plan.  
 .....  
 .....

d) Overhead or underground services (including pipelines). YES/NO  
 If YES please specify, indicate on a plan and describe your proposals for protecting/diverting them  
 .....  
 .....

e) Land where contamination is known or suspected YES/NO  
 If YES please specify  
 .....  
 .....

(f) Is the application site situated within the Metropolitan Green Belt? YES/NO

(g) Is the application site situated within the Surrey Hills or High Weald AONB YES/NO

If YES for any of the above please refer to Guidance Notes for information/assessments which may be required to be included in the application.

**5.8 Hours of Operation**

Please state the proposed hours of operation of the site:

	Time Periods (hours)	Days of the week
(i) Soil and overburden moving		
(ii) Vehicular movements		
(iii) Mineral extraction/processing		
(iv) Waste Development		
(v) Other eg rail delivery/removal of materials, construction works (Specify) .....		
.....		
.....		
.....		

**5.9 Noise and Vibration**

Noise levels and proposed controls

- (i) State existing background noise levels at site boundaries and/or nearest noise sensitive properties/areas, where measured. (delete as appropriate)  
.....  
.....  
.....
- (ii) State predicted noise levels at site boundaries and/or nearest noise sensitive properties where assessed. (delete as appropriate)  
.....  
.....  
.....
- (iii) Describe measures for controlling noise and methods for noise monitoring (as relevant)  
.....  
.....  
.....

**5.10 Dust and emissions to air**

Describe proposed measures for controlling and suppressing dust and other emissions to air (including fumes and odour).

.....  
.....  
.....

**5.11 Hazardous Materials**

Will any hazardous materials be used or stored on site YES/NO

If YES, specify type and storage method.

.....  
.....  
.....

**5.12 Water Environment (water pollution, drainage and flooding)**

(a) Provide details of hydrogeological investigations and evaluations undertaken.

.....  
.....  
.....

(b) Outline any proposed measures to prevent ground and surface water pollution, including for landfill/landraise proposals ,leachate management.

.....  
.....  
.....

(c) Are there any watercourses within, adjacent to or under the site? YES/NO (If 'YES' mark on plans)

.....  
.....  
.....

(d) To your knowledge is the site liable to flooding, within a floodplain or an area at the risk of flooding YES/NO.

If 'YES' please provide details

.....  
.....  
.....

(e) Outline any drainage/flood control measures proposed both during the life of the development. For mineral extraction and landfill/landraise operations include post restoration measures.

.....  
.....  
.....

(f) State the measures to be taken to prevent the spillage or seepage of fuel oils during delivery, storage and handling on site.

.....  
.....  
.....

(g) For proposals involving mineral extraction or waste disposal (landfill/landraise) at what level below the existing surface of the site is groundwater encountered.

.....  
.....  
.....

(h) For proposals involving mineral extraction or waste disposal where operations are to take place below the water table, is the working or infilling to be WET or DRY? (delete as appropriate).

.....  
.....  
.....

(i) If dry, describe proposed methods of dewatering (including number and type of pumps to be used and their source of power), proposed methods of water disposal and any proposed measures to prevent ingress of surface or groundwater.

.....  
.....  
.....

(j) Source of water (if any) to be used in mineral/waste processing.

.....  
.....  
.....

(k) Describe how water from processing will be disposed of including provision for silt settlement.

.....  
.....  
.....

If you have answered YES to (c) or (d), then it may be necessary for you to submit a Flood Risk Assessment with the application. See Guidance Notes for further advice.

**5.13** Does the site lie within an Airport Safeguarding Area? YES/NO

If YES please refer to Guidance Notes for information/assessments which may be required to be included in the application

**5.14 Landscaping and Visual**

Please give detailed proposals for screening and landscaping the proposal including specification of any screen mound/banks, tree or hedge planting and fencing.
