Surrey County Council's Adult Learning service offers a variety of courses in Work Skills and IT suitable for beginners to more experienced learners.

A list of these courses can be found in our Surrey Adult Learning brochure, which is published prior to the start of courses in the autumn term, and online. The brochures are available at all our Adult Learning Centres and Surrey Libraries. New courses are added throughout the year. You can also search our website www.surreycc.gov.uk/adultlearning.

The purpose of this leaflet is to give you information about extending your learning, either by progressing to courses at a higher level or by learning new skills, and includes information on education providers and websites you may find useful. Your tutor may also be able to advise on specialist or local opportunities.
