Notes

The bus stops listed above are currently being designed by Surrey County Council for improvements to bus stop layout and accessibility

Cost estimates will also be prepared for these stops

The cost estimates will inform the final prioritisation exercise to decide which bus stops can proceed towards implementation – i.e. we would only implement bus stops up to the total budget amount

In the event of remaining budget, Surrey County Council will look to progress further stops in the west / north-west of Guildford – e.g. along bus routes 1 and 2. This will be confirmed at a later stage, and will be reported at a future Joint Committee meeting
