

Art

When you join an Art or Craft class you will be amazed what you can achieve in a short period of time and how much you can learn from seeing other people in your class using their creativity. Our tutors are experienced artists and craftspeople who are trained to teach adults, and we have the right kind of accommodation, either in our own centres or outside venues, to allow you the freedom to express yourself.

More detailed information about each course is available from the **course description**; this can be viewed on our website. If you do not have access to the internet please ask our **Customer Service Team** or centre staff for this information.

A small charge is included in the fee to cover the cost of materials used by tutors for demonstrations. The cost of materials and equipment used by learners is not included in the fee unless stated; please enquire when enrolling. It is not advisable to purchase additional materials for a course until your enrolment is confirmed and the course is running.

Enrolments are taken on a first come, first served basis. Courses advertised for the autumn term generally continue for the spring and sometimes the summer terms. Learners enrolled for the autumn and spring are not guaranteed a place for subsequent terms. Please enrol early to avoid disappointment.

What Level?

Introduction courses will give you a taste of what a subject or course is like before you progress to a longer course.

Workshops are usually short extension courses focusing on a particular area and are normally one day or less.

Beginners courses may be described as such throughout the year as those advertised in the autumn term generally continue for the spring and sometimes the summer terms too.

Improvers courses are for those with some previous experience who are starting to work towards more independent learning.

Advanced courses are for those who have substantial previous experience, are capable of working quite independently and who wish to develop with the support and guidance of a tutor.

All Abilities courses are suitable for a range of abilities with or without previous experience.

Courses without a level in the title are generally suitable for all levels of ability and previous experience.

We also offer classes specifically for those with learning difficulties and /or disabilities, mental health and wellbeing needs and physical disabilities – please refer to page 133.

Most of our main centres have display areas with exhibition space for learners', and sometimes other artists', work.

Your tutor will be able to advise you on progressing to other learning opportunities, and there are progression leaflets available giving details of useful websites and information on local providers offering qualifications.

Please see page 42 of the Craft, Design and Textiles section for Mount Cutting and Picture Framing.

Art Appreciation & Art History

Please see the General Studies section for History of Architecture and Antiques.

Courses involve you in contributing to discussion as well as looking at examples of works of art.

Photography

All practical photography courses are for digital, not film cameras. In some classes there is access to a computer suite. Please enquire when enrolling.

Please see the **Computing - Digital Imaging** section on page 65 for courses on how to manipulate images using Adobe Photoshop Elements.

Pottery

Beginners will explore the main techniques of pottery – pinching, coiling, slabbing and throwing. Glazing and decoration will also be covered, time permitting. For learners with previous knowledge and experience, the tutor can give guidance and suggestions to develop ideas and techniques. Charges for some materials and firing of work by our technicians are covered in the course fee. Learners making more, or larger, items may be required to pay an additional fee.
